

Cold Strikes Britain As Soon as Miners Quit Digging Coal

Believed That the Sharp
Weather That Is Prevail-
ing Will Aid Efforts Be-
ing Made to Settle Par-
alyzing Strike.

DEBATE ON THE STRIKE BEGINS IN COMMONS

Premier Lloyd-George
Was Very Moderate and
Conciliatory, and Because
of This It Is Predicted
Outlook Is Brighter for
Settlement.

**London Unemployed
Attempt to Raid Court,
But Find Police in Way**
London, October 19.—An un-
organized procession of unem-
ployed gathered in Trafalgar square
Tuesday and started toward Bow
street to raid the court where
the rioters who stormed White-
hall yesterday were being tried.
The mob was dispersed en route.
Several of the rioters were
fined or sentenced to sixty days
in prison.

London, October 19.—(By the As-
sociated Press.)—There were no new
developments today in the coal
strike, which began last Saturday.
In all the coal regions, where the
men have laid down their tools, or-
der was maintained by the troops.
Great Britain's coal mining indus-
try has been almost completely
paralyzed. Reports of idle pits
come from all coal fields in Eng-
land, Scotland and Wales.
Sharp autumn weather prevails
over the British Isles, and belief
is expressed today that this would
have an important bearing on ef-
forts to end the strike.
The first untoward incident di-
rectly connected with the coal
strike occurred at Ton-Y-Pandy,
in South Wales, at midnight, when
some young colliers collected and
started to sing "The Red Flag,"
causing the police to intervene.
Stone throwing occurred, but the
crowd was dispersed.
A considerable number of idlers
visited Whitehall, the scene of yester-
day's rioting, this morning, seek-
ing signs of the damage done to
the public buildings. The troops,
however, had been largely obli-
viated. The usual police patrols were
somewhat strengthened, but did not
interfere with the crowds which
sauntered through Downing street
and other thoroughfares.

Strike May Be Winded.
One feature of the situation to-
night, which bore possibilities of all-
widening of the strike, was the
prospect of the 25,000 London com-
mercial road transport men ceasing
work. The men on Saturday night
passed a resolution declaring them-
selves as fully supporting the
miners. A conference was to have
been held today to take final ac-
tion on this resolution, but the
meeting was adjourned until to-
morrow. Meantime orders have
been issued to branches of the union
throughout the country to have their
strike organizations prepared.
Should the transport workers in all
parts of the country walk out it is
estimated that 180,000 men would
be involved.
By an agreement between the
board of trade and the Jockey club,
racing is to be suspended for the du-
ration of the coal miners' strike.
Announcement was made tonight
of the suspension of the sailings of
nearly all the passenger steamers
between England and Ireland. Ex-
ception is to be made in the cases
of vessels carrying the mails.
The railroads also are beginning to re-
strict their passenger service.
It was reported tonight that in
the Middleborough iron district
nearly 30,000 workers have been
rendered idle in the iron and de-
pendent industries as a result of the
coal strike.

RAY OF HOPE SEEN IN MODERATION BEING DISPLAYED

London, October 19.—(By the As-
sociated Press.)—The parliamentary
debate on the coal strike tonight,
although it disappointed hopes of
any immediate settlement of the
dispute, nevertheless, owing to its
extreme moderation and the con-
ciliatory tone of the premier's
speech, left much brighter prospects
that a settlement will be reached
ere long.

The premier especially emphasized
that no question of amercement
would prevent the government from
honestly, fearlessly and sincerely ex-
amining any project promising a
settlement having due regard for
public interest and he expressed per-
fect willingness to increase in-
creased remuneration for the miners,
provided it meant a larger output.
While the cabinet was discussing
the suggestion of William Bruce
that the two shillings demanded by
the miners should be granted pend-
ing the creation of a permanent
wage board and the matter review-
ed by the end of the year, the la-
bor members of parliament held an
important conference in the com-
mittee room of the house. Mr. Bruce
and other members identified with the
government were present.

MCDONALD'S FATE WILL BE DECIDED BY JURORS TODAY

Judge Humphries An-
nounces That He Will
Limit Argument for
Counsel on Wednesday.

DEFENDANT SPEEDING, SAY TWO WITNESSES

Detective Testifies Mc-
Donald Claimed He Ran
Into Post to Keep From
Hitting Victim.

The case of Frank McDonald, who
went on trial yesterday in the crim-
inal division of the Fulton superior
court, on a charge of murder as the
result of an automobile accident in
which Mrs. Carabel Holly Smith
was killed, will go to the jury late
this afternoon. Judge John D. Hum-
phries, in adjourning court Tuesday
afternoon, announced that he was
going to limit the arguments for
counsel Wednesday in order that the
case might be concluded during the
day and at least go to the jury.
Five panels of veniremen were ex-
hausted and six on the sixth panel
were summoned before a jury was
obtained. Eleven jurors were ob-
tained from the first five panels and
Judge Humphries recessed court un-
til noon pending the calling of more
veniremen. The first man whose
name was called after court recon-
vened qualified. The following men
compose the jury: M. L. Lively, R.
W. Johnson, G. Unger, J. A. Moore,
J. G. Steer, W. B. Crowe, George H.
Wade, L. F. Curtis, G. C. Edmonson,
A. J. Taylor, H. M. Snow and R. H.
Crockett.

Both Sides Ready.
When the case was called Tuesday
morning both sides announced ready.
Judge Humphries overruled a de-
murrer to the entire indictment,
which was based on the general
grounds that the law under which
the indictment was drawn was un-
constitutional and also demurrers
to each of the six counts on six dis-
tinct technical grounds. The trial
then proceeded.
E. F. Bond, of the undertaking
firm of Greenberg & Bond, was the
first witness called by the state, and
described the character of the
wounds on the body of Mrs. Smith.
Solicitor John A. Boykin, who is
prosecuting the case, then called W.
A. Willingham, conductor on the
trolley car from which Mrs. Smith
was struck, who testified that the
car was going 40 miles an hour
and that just as Mrs. Smith stepped
off the car she was hit.
Here the state introduced pictures
of the street and used the pictures
to show the distance that the au-
tomobile went from the place where
the woman was struck to the tele-
graph pole. The bumper of the au-
tomobile was also introduced and
identified.

"Going 40 Miles an Hour."
A. K. Jones, motorman on the
street car, testified that the au-
tomobile was going 40 miles an hour
and that just as Mrs. Smith stepped
off the car she was hit.
Here the state introduced pictures
of the street and used the pictures
to show the distance that the au-
tomobile went from the place where
the woman was struck to the tele-
graph pole. The bumper of the au-
tomobile was also introduced and
identified.

Rain Or Shine, Fair Is Certain To Get \$150,000

Insurance Policy Against
Rain Cost Officials \$6,000
to Be Assured of Even
Break.

The Southeastern fair has made
a new venture this year for pro-
tection against possible bad weather
conditions.
It has insured the fair against
rain.
This is, perhaps, the first time
this has ever been done by a south-
eastern fair.
It costs the Southeastern fair
\$6,000 to be guaranteed against loss
from rain this year.
Under the terms of the policy
issued by one of the great insur-
ance companies of America, the fair
association cannot lose enough in
gate receipts by rain to prevent the
fair coming out even.
The fair association calculates
that \$150,000 will be required as
gross income from all sources to en-
able the fair to make an even
break as between income and ex-
penditures.
Minimum Amount.
If it does not rain the manage-

HELP OF SENATORS AND CONGRESSMEN ASKED FOR COTTON

Telegrams Sent to All
Southern Representa-
tives by Georgia Dele-
gation After Meeting Here.

WILSON AND HARDING URGED TO ACT QUICKLY

Discounting of Cotton
Factors' Notes and Re-
establishment of War
Finance Corporation De-
clared Necessary Steps.

Recommendations to President
Wilson and Governor W. P. G. Har-
ding, of the federal reserve sys-
tem, that discounting of cotton fac-
tor notes be authorized and be re-
established in order to relieve the
present disastrous situation con-
fronting the south marked the con-
ference of United States Senators
William J. Harris and Hoke Smith
and Georgia congressmen at the
Piedmont hotel Tuesday afternoon.
The telegrams to the president and
head of the reserve bank are pub-
lished for the first time in The Con-
stitution this morning.
This conference remained in ses-
sion several hours and a movement
to relieve cotton planters in the
present financial crisis was
launched with telegrams being sent
to every United States senator and
congressman in the south urging
them to unite in the move. The meet-
ing was characterized as "only one
of several which will bring benefi-
cial results to the farmers."
"If the present situation is not
a panic, then it is very closely akin,
and unless some relief is provided,
the south will witness its worst
financial periods in many years,"
said Senator Smith. It is the pur-
pose of the Georgia senators and
congressmen to secure the active co-
operation of the representatives of
other southern states to promote our
campaign to relieve this condition.
Wire to President.
The telegram to President Wilson

Democratic Fund Boosted By Chatham and Clarke; All Georgia Is Responding

Contributions Forwarded.
The Constitution Tuesday for-
warded the following contribu-
tions to Finance Chairman C. J.
Haden to be used in conducting
the national democratic cam-
paign:
Mrs. W. S. Coleman, Atlanta,
cash, \$1; no name, cash, \$1; W.
A. Covington, Moultrie, Ga., re-
presenting subscriptions as fol-
lows: Park Harper, \$5; D. C.
Moore, \$1; C. E. Whitfield, \$1; S.
P. Turpball, \$5; Howard Ash-
burn, \$5; C. L. West, \$5; R. J.
Corbett, \$5; J. T. McArthur, \$5;
C. A. Gill, \$5; W. S. Stokes,
W. A. Covington, \$5; R. S. Rod-
denberry, \$10. Total, \$59.

"When it comes to uniting to
bring a drive to a successful con-
clusion, Georgians lead the whole
United States," and with these words

The Dreadful Third Year In Married Life

You may belong among those who con-
sider that all years in marriage are danger-
ous years, and you may find plenty of com-
pany in that belief.
Nevertheless, if it could be shown that
some years are more dangerous than others,
and, above all, that one year in particular is
supremely dangerous, you might find it worth
while to take notice. You may have just
married. You may need the advantage of the
warning. Or, if you have passed the awk-
ward point, you may want the comfort of
congratulation.
Well, the experts have figured it all out. It
is the third year and you are told all about
it in an entertaining article in the Magazine
Section of
Next Sunday's Constitution

That Article of League
Is Throwback to Old Dis-
credited Alliances of the
Past.

ROOT BLAMES WILSON FOR LEAGUE DEADLOCK

Claimed Treaty Would
Have Been Ratified and
United States in League
if President Had Been
Willing to Accept Res-
ervations.

New York, October 19.—Elihu
Root, in his only address on the
league of nations during the presi-
dential campaign, tonight declared
that the treaty of peace with Ger-
many would have been ratified and
America would have been a mem-
ber of the league if President Wilson
"had been willing."
"Mr. Wilson, however, was not
willing. He insisted upon the treaty
absolutely unchanged," Mr. Root
said, adding later on in his speech:
"I do not question Mr. Wilson's
beliefs that the disposition of the
treaty for which he was contend-
ing, conducted them to Audubon
park lake, across from the campus,
and threw them, fully clothed, into
the water.
Two city policemen and a park
watchman at first disputed the
right of the students to administer
the ducking, but yielded to force
of numbers and allowed the affair to
take place. After being ducked, the
alleged Rice supporters were per-
mitted to adjourn to the gymnasium,
change clothes and resume their
work."
Three of those ducked are fresh-
man medical students, S. F. Tucker,
A. M. Parsons and F. C. Shepard.
The other, Allan Vories, is a senior
in the arts and sciences college.
"Twelve more students, said to
have backed with money their con-
victions that Rice would win, are
being sought, it was said. Tulane
and Rice played to a scoreless tie."

Arch Conspirator Of All the Ages, Cox Brands Lodge

HAPPY CHILDREN OWN GREAT FAIR FOR ENTIRE DAY

With Forty Thousand
Present Tuesday, Parents
and Grown-Ups Play Sec-
ond Fiddle.

MANY STORES TO GIVE HALF HOLIDAY TODAY

Every Effort Will Be Made
to Allow Employees to
See the Fair—Dinner for
Herdsman Tonight.

TODAY'S FAIR FEATURES.
Today has been designated as
mechanics' day at the Southeastern
fair. Many of the big department
stores and larger businesses of
various kinds will give a half
holiday in order that their em-
ployees may visit the fair to-
day. Wherever it is found im-
possible to close at midday, em-
ployers have expressed the in-
tention of giving holiday to a
few of their employees each day,
thus enabling all to attend dur-
ing the week.
Judging commences today in
the following departments: Fan-
cy work, agricultural booths,
poultry, sheep, rabbits. Judging
will be continued in the follow-
ing departments: cattle, swine,
liberal arts and the international
club judging.
At 8 o'clock this evening a
dinner will be tendered by the
fair officials to the herds who
are exhibiting live stock.

"Children's Day" at the Southeast-
ern fair, with school books thrown
in the discard and sympathetic par-
ents trailing in the rear, saw a re-
cord crowd, estimated at 40,000, pour
in constant streams through the
battery of turnstiles at the Lake-
wood entrance. The corresponding
day of last year's fair recorded only
15,000 visitors.
Tuesday was Children's Day and
they took it, to have and to hold.
Grown people were in attendance,
but only upon the sufferance of
their young proteges. The countless
seen upon the grounds varied all
the way from swaddling clothes to
dignified frock coats and handsome
gowns. Young and old alike seized
the opportunity to romp and play.
The hills above the lake were crowd-
ed with picnickers, the grandstand at
the races was packed beyond capac-
ity, the exhibition buildings were a
slow-moving jostling mass, and the
midway came into its own, the noise
of laughing humanity being so great
that the professional side show
barkers were forced to resort to
mechanical noise-makers. In this
line science has advanced pretty far.
Bright and Happy Crowd.
All day Tuesday the Lakewood
street cars ran back and forth with
youngsters draped and festooned
from every possible projection
where a hand or a foot might find
a hold. During the day it was a
bright and happy crowd which
valiantly made its way forth to the
great exposition. As dark closed

Governor Accuses Senator
of Deliberate Plot to
Wreck Treaty and the
League Before They
Were Ever Completed.

"HAPPY HOOLIGAN" APPLIED TO HARDING

Democratic Candidate
Tells New England Vo-
ters That the More Har-
ding Talks About the
League the More Ridicu-
lous He Becomes.

Boston, October 19.—Scathing at-
tacks upon Senator Lodge and sar-
casm criticism of Senator Harding
were made today by Governor Cox
during his New England tour em-
bracing Massachusetts and New
Hampshire cities and ending with
a large meeting tonight on Boston
common.

Here in the home state of Senator
Lodge, as well as to other audi-
ences today, the democratic presi-
dential candidate denounced Sen-
ator Lodge as "the arch conspirator
of the ages," through the "round
robin," Governor Cox urged his Bos-
ton audience to "repudiate" Mr.
Lodge's leadership and retire him
to private life as soon as possible.
To his New Hampshire audiences
Governor Cox urged defeat of Sen-
ator Moses, republican, because he
signed the round robin.

Savagely Hoped on Harding.
Senator Harding was heaped with
sarcasm and ridicule by Governor
Cox, in virtually every address of
the day, with the incident between
President Wilson and the senator
regarding the latter's statement of
French overtures for a new asso-
ciation of nations as the basis.
"The facts justify the conclusion
that Senator Harding has stupidly,
though deliberately, attempted to
deceive the people of the United
States," Governor Cox declared.
Reiterating Mr. Harding's expla-
nation of his Des Moines speech,
"rejecting" the league, Governor Cox
added:
"He must think the American peo-
ple very stupid. He continues to
say that they don't understand him."

Expressing belief that a French
author and humorist was Senator
Harding's source of information re-
garding French sentiment upon a
new association of nations, and
commenting upon Senator Harding's
letter to President Wilson, Gov-
ernor Cox said, sarcastically:
"Poor Senator Harding has been
misunderstood again. It is a pa-
thetic thing that he suffers so much
from the dullness of the American
people, including newspaper edi-
tors and leaders among partisans
and opponents."
The league was virtually the ex-
clusive theme today of Governor
Cox, and his Boston common ad-
dress tonight made a total of ten
speeches. He spoke at Springfield,
Worcester, Lowell, Lynn, and Cam-
bridge, Mass., the latter at the Har-
vard Union, and at Nashua, Man-
chester, Suncook and Concord, New
Hampshire.

Some Hissing Followed.
The governor's denunciation of
Senator Lodge was followed by

C. F. von HERRMANN,
Meteorologist, Weather Bureau.

ALL ALABAMA COAL
FOR ALABAMA FOLKS

Montgomery, Ala., October 19.—
Barwell G. Davis, Alabama fuel ad-
ministrator, this morning issued an

order to all coal operators of the
state to the effect that their entire
output of domestic coal, between
October 20 and November 4, both
dates inclusive, shall be sold and
delivered only within the state of
Alabama.

Mr. Davis said that in conformity
with this order domestic coal mined
in Alabama must be sold only
within the state, regardless of any
and all existing contracts, and that
it was a protective measure for the
domestic consumers of the state.

SOUTH NOT BROKE,
DECLARES MADDOX

Atlanta Banker Says Cot-
ton Men and Bankers
Should Take Offensive
Stand—Favors Export
Corporation

Washington, October 19.—Dis-
cussion of federal taxation revision and
financial relief for the agricultural
interests were pressed to the fore
today before the convention of the
American Bankers' association. Sug-
gested changes in tax laws were
indefinite, however, although some
of them probably will be dealt with
in resolutions to be considered
Thursday.

Secretary Meredith's speech, plead-
ing for a square deal for farmers
by the banking interests, opened the
way for several informal meetings
by rural bankers, while none of
them crystallized into a settled plan.
Representatives of bankers in the
cotton states decided upon a gen-
eral mass meeting tomorrow
night at which their particular dif-
ferences and those of their producer
customers will be taken up.

Maddox Talks of South.
Robert Maddox, Atlanta banker,
declared that the south was not
"nearly so broke as it has been
made to appear." Bankers and cot-
ton producer alike should take an
offensive rather than a defensive
stand, he said, and he predicted that
the creation of a sentiment of op-
timism among them would greatly
enhance cotton values.

Mr. Maddox, however, said he ap-
preciated the situation and to be
facing the cotton growers, and that
there appeared to be no hope for
help from the government. He sug-
gested the formation of a great cot-
ton export corporation proposed for
the southern states by Governor
Harding, of the Federal Reserve
board a year ago, saying it seemed
to be the only practical solution.
The tax question came up in the
sectional meeting of the trust com-
pany bankers, where Lynn V. Din-
kins, New Orleans, president of the
group, said he believed present tax
laws placed a handicap on commer-
cial pioneering and acted as a brake
on business.

Tax Methods Called Wrong.
"It is, of course, necessary," Mr.
Dinkins said, "to raise by taxation
sufficient income to pay the current
expenses of the government, interest
on the public debt and provide a
reasonable sinking fund to be used
in liquidating the public debt. There
can be little discussion about that,
but the sources from which this in-
come is derived is a different sub-
ject."

Bankers to Answer Williams.
A committee to draft a reply to
the American Bankers' association to
the recent attack made by Comptroller
of the Currency Williams on the
banks of New York city was named
by Richard S. Hawes, president
of the association.

The appointment of the commit-
tee followed a declaration by Mr.
Hawes in his annual address at the
opening session of the association
convention that "we want to chal-
lenge the attack on the integrity of
the bankers of America."

Mr. Hawes urged revision of fed-
eral taxes, more balanced produc-
tion and economic in both private
and government expenditures.

MAIL THEFTS COST
RICHELIE TWO YEARS

Weston Richlie, a negro formerly
employed at the Federal station
as a mail porter, was convicted in
the United States district court
Tuesday on a charge of stealing
from the mails, and was fined \$200
and sentenced to serve two years
in the federal penitentiary by Judge
Samuel H. Shibley.

**Delegates Named
in Stewart County**
Lumpkin, Ga., October 19.—(Spe-
cial.)—The following delegates from
Stewart county have been appointed
to attend state convention in Ma-
con October 25: Richard C. L.
Davis, C. C. Austin, Dr. W. M. Cur-
dy, Professor J. C. Layfield, Pro-
fessor W. J. Dowd, and Dr. J. M.
Kenny. Lumpkin, Dr. S. S. Perry, G.
W. Pugh, G. Y. Harrell, D. H. Hobbs,
Professor W. H. Martin, F. B. Pear-
son and Dr. L. L. Brooks. A. J. F.
Mathis, A. C. Reid and C. D.
Paulk; Louvale, C. E. Smith; Un-
ion, M. L. Gillis; Brooklyns A. J.
Ivey; Midway, W. H. Newman.

Posse Seeks Negro.
Anniston, Ala., October 19.—(Spe-
cial.)—Poses of Talladega and
Calhoun citizens have been search-
ing since Friday for Charlie Camp-
bell, an Anniston negro, who is al-
leged to have assaulted a young
white woman in Talladega county.
The negro made his escape by
crossing a swampy piece of ground
and going into the mountains. Of-
ficers think he may be the same
negro who attempted to assault a
14-year-old white girl near Annis-
ton two weeks ago.

FATHER IS FINED \$10.

Cruel Whipping of Young
Girl Charged.

J. C. Thomas, of 237 South Boul-
vard, arrested at about 11:30 o'clock
Monday night, charged with severe-
ly whipping his 11-year-old daugh-
ter, was fined \$10 and cost. Tues-
day afternoon by Recorder John-
son, and the understanding was
reached that he would move out
of the neighborhood.

A number of neighbors testified
that he had beaten the little girl
cruelly. Mrs. Thomas, wife of the
accused, was in court, and testified
that he had attracted the attention
of the neighbors by whipping the
child with a strap on the front
porch of their home. He had whip-
ped the child several times before
it was stated. The little girl is
said to have told neighbors that she
intends to run away from home.

Recorder Johnson stated that it
was at first his intention to bind
Thomas over for trial by a higher
court. In compliance with the wish
of neighbors of the man, however,
he imposed a fine of \$10 and costs,
with the understanding that Thom-
as move away from the neighbor-
hood. Thomas is the father of six
children.

**EASES A COLD
WITH ONE DOSE**
"Pape's Cold Compound"
Then Breaks Up a Cold
in a Few Hours.

Relief comes instantly. A dose
taken every two hours until three
doses are taken usually breaks up
a severe cold and ends all the
grippe misery.

The very first dose opens your
clogged-up nostrils and the air pas-
sages in the head, stops nose run-
ning, relieves the headache, dull-
ness, feverishness, sneezing, sore-
ness and stiffness.
Don't stay stuffed-up! Quit blow-
ing and snuffing! Clear your con-
gested head! Nothing else in the
world's gives such prompt relief as
"Pape's Cold Compound," which
costs only a few cents at any drug
store. It acts without assistance,
tastes nice, contains no quinine—
insist upon Pape's.—(adv.)

**WHEN YOUR
COMPLEXION
BEGINS TO FADE**
You Can Bring Back That
Tint of Youth by the
Use of Black and
White Ointment.

If, through neglect or improper
treatment your complexion has be-
gun to fade—don't despair—you can
bring back that clear, smooth tint
of youth by the use of Black and
White Ointment.

Black and White Ointment not
only gives the skin a delicate color-
ing, but will remove tan, sun freck-
les, pimples and dark, sallow dis-
colorations. It is pure and very
delightful to use.
Apply a small portion to the skin
before retiring. Next morning rinse
off with Black and White Soap.
This Soap is recommended to you
because it is the best for cleansing
and preserving the skin pores.

Black and White Ointment is for
sale at all drug and department
stores. 25c the package (50c size
contains three times as much.)
Black and White Soap, 25c the cake.
Should you not be pleased with the
results after using they will refund
you the price.—(adv.)

**Thought One Clean Shirt
All He Needed**
"Ten years ago I was reduced to
a mere shadow. I was yellow as
a gold piece and would often be
doubled up with most excruciating
pains in my stomach. Physicians
could only relieve me with mor-
phine. I was advised to try Mayr's
Wonderful Remedy and it helped
me at once. What is more, I have
been well ever since. A friend
said he thought one more clean
shirt all I would ever wear. It
is a simple, harmless preparation
that removes the catarrhal mucus
from the intestinal tract and al-
lays the inflammation which
causes practically all stomach,
liver and intestinal ailments, in-
cluding appendicitis. One dose will
convince or money refunded.
Jacobs' Pharmacy and dealers ev-
erywhere.—(adv.)

**It's Easy To
Put On Flesh**
All you have to do if you are too thin
and want to put on several pounds of solid
"stay-there" flesh is to take a five-grain
tablet of Blood-Iron Phosphate with each
meal. This builds up the nervous system,
enriches the blood and thus enables the vital
organs to assimilate the flesh building
strength-making elements of your food which
now largely go to waste. Folks who have
tried it state they not only put on flesh
but that it also almost invariably increases
their strength, energy and endurance. You
can get enough Blood-Iron Phosphate for a three
weeks' treatment of Jacobs' Pharmacy son-
nary or any other druggist for only \$1.50
and it's so uniformly successful that you
warranted a man you know is authorized to
refund your money if you don't like it. Ber-
ter get a package today and begin to get
stronger and healthier, as well as better
looking.—(adv.)

SAYS COP OFFERED
TO ACCEPT BRIBE;
FINE IS INCREASED

Because he accused the police-
man, who arrested him for speed-
ing, of offering to accept a bribe,
the fine of T. A. Fox, 234 East North
avenue, arraigned before Recorder
Johnson Tuesday morning, was in-
creased from \$25 to \$100 and costs.
Fox was arrested by Policeman

J. S. Melton, who "told that he
was driving about 30 miles an hour
in front of Peachtree station when
the arrest was made. Mr. Fox pro-
tested his innocence before the re-
corder, and asserted that he would
appeal to higher courts and prove
that Policeman Melton had offered
to accept a bribe and not to make
a case. Recorder Johnson closely
questioned Officer Melton, who de-
nied the charge.
Six other defendants who had
been arrested by Policeman Mel-

ton for speeding, paid fines of \$25
each.

WILMER MOORE HEADS SOUTHERN LIFE MEN

Wilmer L. Moore, of Atlanta, president of the Southern States Life Insurance company, was elected chairman of the Conference of Southern Life Insurance companies, which held its annual meeting yesterday at the Piedmont hotel. Mr. Moore succeeds C. G. Taylor, Jr., of Richmond, as chairman.

The organization is composed of life insurance companies of the southeastern and gulf states. The meeting was called to order by Chairman Taylor. The session was of an executive nature, and was devoted to discussion of various subjects of particular interest to the executive, medical and agency departments of the companies.

Other officers elected for the ensuing year were Dr. F. B. Righter, vice chairman, and S. E. Allison, secretary.

Among those attending were Julian Price, president, Jefferson Standard Life Insurance company, Greensboro, N. C.; S. J.

Postor, vice president Great Southern Life Insurance company, Birmingham, Ala.; Dr. J. B. Righter, medical director, and C. G. Taylor, Jr., vice president Atlantic Life Insurance company, Richmond; G. A. Grimley, president Security Life and Trust company, Greensboro; J. H. Dunbar, medical director, Shenandoah Life Insurance company, Roanoke; H. M. Folkes, president Gulf Coast Life Insurance company, Gulfport; E. C. Millar, vice president George Washington Life Insurance company, Charleston, W. Va.; Dr. G. D. Hancock, medical director, Great Southern Life Insurance company, Birmingham; S. A. Allison, secretary, Pan-American Life Insurance company, New Orleans; Arthur Watts, secretary, Southern Life and Trust company, Greensboro; T. O. Lawton, president, and C. W. Bates, agency manager, Southeastern Life Insurance company, Dr. W. G. Harrison, medical director, Protective Life Insurance company, Birmingham; A. L. Fairley, secretary, Great Southern Life Insurance company, Birmingham, and the following representatives of the Southern States Life Insurance company of this city: Wilmer L. Moore, president; Frank Orme, secretary; Dr. E. G. Jones, medical director; Robert F. Moore, agency secretary; Wilfred S. McLeod, agency manager, and Samuel Barnett.

Added to the list of safety devices for aviators is one which automatically keeps the airplane's windshield free from moisture.

THE NEW NOVEMBER COLUMBIA RECORDS OUT TODAY

are without a question of a doubt the most interesting yet issued by the Columbia Co.

ATLANTA NEEDS DOMESTIC COAL

H. B. Kennedy Wires Interstate Commerce Commission Denying Sufficiency of Coal Here and Asking Priority.

CONFER WITH HARRIS.
Preliminary to a conference on the local fuel situation with Senator William J. Harris, the legislative committee of the Atlanta Federation of Trades, of which Emmett Quinn is chairman, will meet in the office of Jerome Jones, editor of The Journal of Labor, this afternoon at 3:45 o'clock. The committee will meet Senator Harris at the Ansley hotel at 4 o'clock.

Besides Mr. Quinn and Jerome Jones, the legislative committee consists of Paul Donehoo and James Miller. Messrs. Jones and Quinn, as representatives of the committee, met with Senator Harris' late Tuesday night for a brief chat, and made arrangements with him for a number of conferences to be held from time to time within the next few days, at which various phases of the coal situation in Atlanta, and the alleged shortage in coal will be thoroughly discussed.

Intensive efforts are still being made by the coal committee of the Atlanta Chamber of Commerce, headed by H. B. Kennedy, to secure co-operation from the interstate commerce commission which will enable Atlanta to overcome the imminent serious shortage in fuel for the winter months.

A recent telegram from the commission, indicating that they have been led to believe that the south had sufficient coal, was answered Tuesday afternoon with the following wire:

"Clyde Atchison, Interstate Commerce Commission—Washington, D. C.—Yours 18th. Statement made by industries that plenty of coal in south evidently refers to steam coal. Atlanta yards have no domestic coal and very little being received. Normal reserve stock of domestic coal in Atlanta at this time of year in past about 60,000 tons. Recommend order be issued giving car preference to mines that can load domestic coal, including mines having railroad contracts in order most critical situation may be relieved at once."

"ATLANTA CHAMBER OF COMMERCE"
"H. B. KENNEDY,
Chairman Coal Committee."
"Atlanta, Ga., October 19, 1920."
The wire to which Mr. Kennedy referred in his telegram reads as follows:

Washington, D. C.
Atlanta Chamber of Commerce, Atlanta, Ga.
We have recently extended order requiring coal cars be furnished coal mines in preference other use to include territory west Mississippi river and east of eastern boundary of Montana, Wyoming, Colorado and New Mexico. Moreover, all outstanding permits authorizing use of coal cars for other freight cancelled. Coal situation requiring special consideration in this connection. Statement has been frequently made by steel and other building interests that there was plenty of coal in south. Railroads and public utilities must have coal; public utility priority reduced to minimum.

ATCHISON, Commissioner.

Good Advice Given Negroes of South By Former Slave

"Too Many Silk Shirts and Too Much Good Time Causes of Racial Unrest," Says David T. Howard.

(By Associated Press.)
Born a slave and now one of the wealthiest and most respected negroes in the south, David T. Howard, 71 years old yesterday, celebrated his golden wedding anniversary and made it the occasion to give some advice to members of his race.

Beginning on a legacy of \$150 left by his former master, Howard now owns a business rated as the fourth largest of its kind in the city and financial institutions readily make loans on his name.

"I never wasted time, never went in for wild oats, never saw a baseball game and never danced a step—but always attended to business," said Howard. "No social equality for me; no sane, thinking negro wants it."

The negro today, Howard said, wants "better justice in courts, better accommodations on railroad trains and more schools for his children."

"Too many silk shirts and too much good time," he said, "were the causes of racial unrest."

is survived by a son, W. G. P. Jr., and a daughter, Mrs. Josephine Arnold.

It's Easy To Put On Flesh

All you have to do if you are too thin and want to put on several pounds of solid "meat" is to take a few grains of Blood Iron Phosphate with each meal. This builds up the nervous system, enriches the blood and thus enables the vital organs to assimilate the flesh building, strength-making elements of your food which now largely go to waste. Folks who have tried it state they not only put on flesh but that it also almost invariably increases their strength, energy and endurance. You can get enough Blood Iron tablets for a three weeks' treatment of Jacobs' Pharmacy Co., or any other druggist for only \$1.50 and it's uniformly successful, that your druggist, a man you know, is authorized to refund your money if you don't like it. Better get a package today and begin to get stronger and healthier, as well as better looking. —(adv.)

MUNYON'S PAW-PAW TONIC A GREAT BODY BUILDER

If you are overworked, weak, run down, have no appetite, feel "old," blood is thin, heart weak, can't sleep, if you live in a putrid city, if you are depressed and feel the need of new life, try Munyon's Paw-Paw Tonic.

It is the great home remedy, and testimonials received show that Paw-Paw Tonic corrects most forms of indigestion, liver and stomach troubles. Every person who is distressed from the food they eat, everyone whose food sours, or who suffers from belching, flatulence or sick headaches, should try Munyon's Paw-Paw Tonic. It is a wonderful restorative. It tones the nerves, stimulates digestion and restores healthy normal action to the body.

Most people need a tonic at some time or other to restore the vim lost in the daily grind. Paw-Paw Tonic is the ideal tonic for the Mother and for the child. It is a harmless stimulant whose use promotes health and stops the craving of the weakened body for dangerous and health-destroying agents.

Ask for Munyon's Paw-Paw Tonic and be sure that it is the genuine Paw-Paw Tonic prepared by the Munyon Homoeopathic Home Remedy Company, Scranton, Pa. If your druggist does not have it go to any of the Jacobs Stores. —(Adv.)

VALUE OF COTTON TO SOUTH SHOWN

Deflation in Price Should Be Gradual Process, C. B. Howard Tells Atlanta Rotarians.

The importance of cotton to the south, and consequently to Georgia and Atlanta, were stressed in an address delivered before the Atlanta Rotary club at its regular weekly luncheon at the Piedmont hotel Tuesday by C. B. Howard, of the firm of Inman, Howard & Inman.

Put Your Duds in Eden Suds And Wash the Eden Way

THE EDEN ELECTRIC WASHER

MENZIES & CO.

138 PEACHTREE ARCADE.

Phone Main 5045

Howard, because of his familiarity with the cotton situation, and in view of the recent agitation regarding prices for this universal product of the south.

"Cotton shared in the expansion of prices during the war," said Mr. Howard, "and a great quantity of the manufactured product was for war purposes, leaving civilian needs unfilled. The war over, mills turned to supplying civilian needs, for which there was an enormous demand at any price. These requirements are still only partially filled, and with confidence restored and anything like stable values the buying power of the world will be enormous for cotton goods. The mill stocks of cotton and goods are small. Distributors' stocks of manufactured goods are small, but stocks held by the latter are high-priced goods, and they are endeavoring to work them off with as little loss as possible before stocking up at the present lower values."

Price Out of Proportion. "The price of manufactured goods to the consumer has been, for the past two or three years, out of all proportion to the cost of raw cotton. The cotton mills, converters, jobbers and retailers all made enormous profits above their cost prices. Deflation should come as a contraction in these profits, rather than in a greatly lowered price of the raw material under present conditions of stringent finances and lack of confidence, distributors are not buying cotton goods, waiting for easier money and more stable conditions and prices. Therefore, cotton mills are not buying cotton. With confidence restored and money easier, the enormous latent buying power throughout the world for cotton products will assert itself."

German and Bohemian mills which, before the war, consumed two and three-quarter million bales of American cotton, are gradually increasing their takings, as they are able to finance their purchases."

Attitudes of Mr. Howard. The secretary of the treasury, have had a very unfortunate effect on the sentiment of the country. Regardless of whether his attitude is right or wrong, it was generally understood to mean that the policy of the government, through the treasury, and the federal reserve banks, would be to carry out a policy of deflation in the price of agricultural products, as well as other commodities. This has had the effect of breaking prices very badly in the past few weeks. I believe deflation should be a gradual process, brought about chiefly by an increase in production and not by smashing the prices of various products below the cost of production in spite of the fact that there is not a sufficient supply for the world's needs."

Quotes From Grady. In the course of his talk Mr. Howard quoted the following memorable passage from the famous Dallas speech of Henry W. Grady: "Not the fleeces that Jason sought can rival the richness of this plant."

HELP OF SENATOR AND CONGRESSMEN ASKED

(Continued from First Page.)

stated that, following the reply of the nation's chief executive to a message from Governor Allen, of Kansas, calling for evidence of unfair practices in the marketing of the wheat crop with the view of having the government investigate the price of wheat rose about 17 cents per bushel. It was also declared that "our people believe that they are entitled to some aid from the government in connection with the cotton price, which has declined from 43 cents to 19 cents per pound."

"A decrease in the market price

of the staple is greater, it was stated, than any other agricultural or manufactured product, and the establishment of the federal reserve system was to meet just this kind of emergency. In conclusion, it was stated, "in our opinion, the emergency can best be met by reviving the war finance corporation, and we urge that this be done without delay, as it will provide new foreign markets and help relieve a most distressing situation."

Urging the federal reserve system to handle cotton factors notes, a long telegram was sent to Governor Harding stating the advances made by factors are parts of an important commercial handling of cotton, and the board should reverse its ruling concerning the discounting of such paper. The complete message follows:

Message to Harding.

"Honorable William H. G. Harding, Governor Federal Reserve Board, Washington, D. C. "Permit me to bring to your attention a ruling of your board adverse to the discount by federal reserve banks of notes given by cotton factors. We are advised that a large portion of the cotton crop is handled by cotton factors and that a successful continuation of the orderly movement of the crop is dependent upon the promptness of their notes. These notes are made by them to cotton farmers partly to make their crops but largely to harvest the cotton and to place it in the market. The cotton factors do business in large cotton markets and receive for intelligent, orderly marketing. They take warehouse receipts for the cotton stored in warehouses and use these warehouse receipts as security for their notes on which to borrow the money used as before stated."

"We insist that the banking and currency act provides for the discount of such notes. First, because they are drawn for agricultural and commercial purposes. Second, because the proceeds are used for agricultural purposes. Third, because the notes are secured by staple agricultural products and the advances are not merely investments. We believe that the cotton factors' notes embrace the requirements of each of these three provisions. If they fall within either of the three the act authorizes their discount."

"The act does not limit the discounting to notes given by farmers for the money. If the money went for agricultural purposes the notes can be discounted, no matter who gives them. The character of use of the money, not the occupation of the person, gives the right of discount. To hold that advances by cotton factors are investments and therefore not subject to discount is to strike from the act the word 'merchandise' for the objection only applies where the transaction is merely an investment."

"In the case of the factors the advances are not investments, but are a part of the business of gathering together the cotton and acting as agents for the farmers to sell the same. The advances made by the cotton factors are parts of the most important commercial handling of cotton. The highest courts of the land do not hesitate to reverse erroneous decisions. The facts must now be more clearly before your board than they were when the decision was made. We urge a modification of the ruling you have made with reference to the discount by federal reserve banks of cotton factors' notes and that the discounting of such notes be authorized."

(Signed) Hoke Smith, William J. Harris, J. W. Overstreet, Charles E. Crisp, W. C. Wright, W. D. Upshaw, W. C. Lankford, J. W. Wise, Gordon Lee, C. H. Brand, T. M. Bell, Carl Vinson, W. W. Larsen, Frank Park."

Wire to President.

"The following is the telegram to President Wilson: Atlanta, Ga., October 19, 1920. The President, White House, Washington, D. C.: In reply to message of Governor Allen, of Kansas, you are quoted in the press as calling for evidence of unfair practices as to marketing of wheat crop with a view to having the government investigate same. Following this manifestation of sympathy on your part, immediately the price of wheat rose about 17 cents per bushel."

"The press carried news that the government called a conference of private bankers with a view to financing the Cuban sugar crop to save the Cubans from financial disaster. Our people feel that they are entitled to some aid from the government in connection with the cotton price, which has declined from 43 cents to 19 cents per pound, which is a greater decrease than any other agricultural or manufactured product. One of the strongest reasons used for enactment of federal reserve act was that it would meet just this kind of emergency."

"We earnestly request your assistance in obtaining financial relief for products of cotton so as to prevent the dumping of the two months' supply of cotton on market at prices below the cost of production. In our opinion, the emergency can best be met by reviving the war finance corporation, and we urge that this be done without delay, as it will provide new foreign markets and help relieve a most distressing situation."

(Signed) Hoke Smith, William J. Harris, J. W. Overstreet, Charles E. Crisp, W. C. Wright, W. D. Upshaw, W. C. Lankford, J. W. Wise, Gordon Lee, C. H. Brand, T. M. Bell, Carl Vinson, W. W. Larsen, Frank Park."

FUND IS BOOSTED BY CHATHAM AND CLARKE

(Continued from First Page.)

and Commissioner of Commerce and Labor H. M. Stanley sent Chairman Haden their checks for \$25 and \$5, respectively. Tuesday afternoon with statements urging the people of Georgia to send the state over the top in the contribution drive."

The following letter was sent out by the finance chairman Tuesday to a large number of party leaders, urging them to give at least one day's work next week to the drive:

"May I appeal to you as a true democrat, loyal to our great old party in a crisis, to dedicate at least one day of your time with in the next week to its service?"

"Democracy has innumerable 'fair-weather' friends," but this letter is addressed to few selected men whom we believe will stand by the party as Alvin York under shot and shell stood by the American flag. If every democrat does his duty, we will be elected. The immense republican strength finally being shown in publicity and misled many people by false forecasts."

"Our democratic comrades are in the thick of the fight in doubtful states, and it is our duty to furnish them ammunition. Will you help to raise it? Will you do it?"

You fellows that don't eat POST TOASTIES

are travelling on flat tires

-says Bobby

case your time for at least one day to raising funds for the national committee and forward them as rapidly as raised? "We will be glad to co-operate with you in any way possible. Write or give promptly."

Atlanta, Ga., October 19, 1920.

Contributions Tuesday. The following list of contributions was made public by Chairman Haden last night: From Atlanta: Miss Laura Hammond, \$5; Mrs. Frank Davis, \$5; Mrs. Sadie Warren, \$5; Miss Kate Albrook, \$5; Mrs. T. V. McCall, \$5; Mrs. E. E. Bayne, \$5; Mrs. Florence Darby, \$5; Mrs. Anna D. Coffey, \$5; Miss Lutz, \$5; Powell, \$5; Marion L. Blackman, \$5; Mrs. L. B. Rawson, \$5; Mrs. W. C. Dunlap, \$5; a friend, \$10; D. H. Kost, East Georgia avenue, \$5; Mrs. C. J. Durham, \$5; N. J. Wooding, \$5; Mrs. A. L. Brumham, \$5; T. Stearns, \$2.50; Gordon H. Combs, \$5; C. D. McKinney, \$5; A. C. Spinks, \$5; A. J. Demers, \$5; Eugene L. Tiller, \$5; S. Kye Barr, \$1; E. M. Mitchell, \$1; cash, \$1; M. V. Murray, \$1; News Shop, \$5; T. C. Re-

ceives, \$1; H. Cohen, \$1; R. F. Nicholson, \$1; A. V. Tullison, \$1; T. A. Cooper, Jr., \$1; H. S. Harrington, \$1; W. B. Sharr, \$1; A. A. Parks, \$1; H. E. Davenport, \$1; T. E. Dufford, \$1; B. J. Stewart, \$1; Hughes Roberts, \$1; Dr. R. P. Holt, \$1; S. C. Wray, \$1; Gums-Yeare company, \$5; C. & C. Rosenbaum, \$2; A. J. Miller, \$10; George H. Pausa (Central City laundry), \$10; Millard Davis, \$1; S. Saul, \$5; a friend, \$20.

From DeKalb county, Georgia: \$1; two Union county democrats, Marietta, \$2; I. H. Heard, Augusta, \$5; Floyd county democrats (additional), \$2.50; J. Tabler, Augusta, \$10; J. J. Lanford, Calhoun, \$5; citizens of Chatham county, \$450; W. M. Dunbar, Augusta, \$5; C. T. Griffin, Gainesville, \$5; Mrs. T. E. Massonnie, Norwood, \$5; W. M. Dunbar, Augusta, \$5; Robert F. Glover, Atlanta, \$5; W. D. Upshaw, Atlanta, \$5; Rolling H. Jones, Atlanta, \$10; H. M. Stanley, Atlanta, \$5.

In nineteen years Japan's foreign trade has increased a thousand per cent.

HARDING TO CARRY AT LEAST 30 STATES. BONE'S PREDICTION

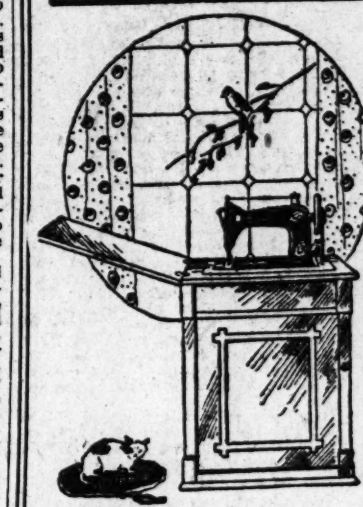

New York, October 19.—At least thirty states with no election in the November election, Scott C. Bone, director of publicity of the republican national committee, predicted today.

"There is a possibility that the number will reach 35," Mr. Bone said. "This means that the republicans will carry all the north and break into the south."

Mr. Bone said he based his prediction upon advice from newspapers and newspaper men all over the country.

"Oh, Dixie Land Is The Land of Cotton Cinnamon Seed and Sandy Bottom, Look Away Look Away, Look Away To Dixie Land"

Do you still thrill to the strains of "Dixie"? Do you still believe that Dixie Land is God's own country? The land where the women are the fairest, the men the squarest that ever lived?

Then for heaven's sake stop growling, stop this pessimistic talk of panics. Stop this constant suspicion of the motives of your fellowman.

Through storm and sunshine Dixie Land has grown. The hand of despotism failed to stem our forward progress, grim times saw each true Southerner with his shoulder to the wheel striving for the common good, not with criticism on his lips, not with panic in his heart, BUT WITH A SMILE ON HIS FACE, WITH CHEERY WORDS AND WITH STAUNCH FAITH IN HIMSELF AND HIS FELLOWS.

Those were bad times, times that tried the souls of REAL MEN. No such crisis faces us today. Most of the trouble in Dixie as in other parts of the world is in the MENTAL ATTITUDE OF THE PEOPLE. When we stop thinking unpleasant things, when we are willing to each one do his part, when WORK BECOMES TO ALL OF US THE PANACEA FOR OUR ILLS, then and then only will the World go on as it should.

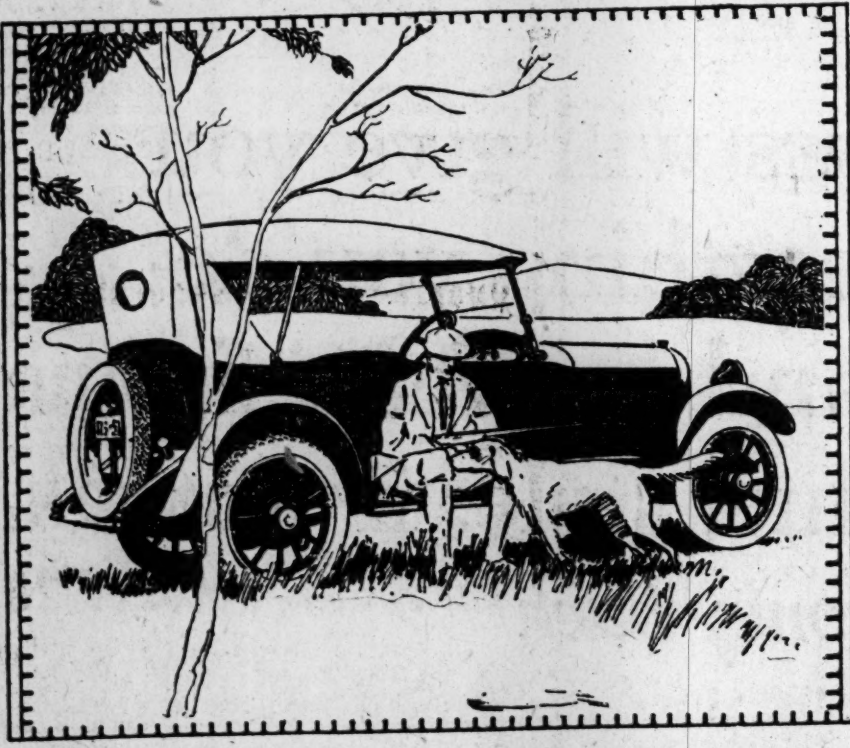

Let us stop this futile talk, this bewailing of a CONDITION THAT ONLY EXISTS IN THE MINDS OF MEN. Let us get down to work with the inspiration of those sturdy forebears of ours who won away from the dangers of a post-war period through the strength of their character, the faith they had in their country and their fellows behind us.

DIXIE MUST NOT BE ASHAMED OF THE MEN SHE BREEDS TODAY.

Chamberlin-Johnson-DuBose Co.

PAIGE

THE MOST BEAUTIFUL CAR IN AMERICA

TO appreciate the vast range of power with which the "Glenbrook" Six-42 is endowed, you have only to "take the wheel."

As the speedometer climbs from five to twenty-five miles in nine seconds flat you will realize that this is, indeed, a car that can laugh at the steepest hills or plow through thick, clinging sand wherever it may be found.

One ride in the "Glenbrook" will prove a revelation to any man with sporting blood in his veins. It will indicate in clearest terms the difference between "old school" mechanics and the best type of strictly modern engineering. Take that ride—for your own satisfaction.

HARDING HELPS GOVERNOR COX

That Is View of Democratic Chairman White. Wants Senator to Stay on Stump.

New York, October 19.—The following telegram from George White, chairman of the democratic national committee, now in Chicago, was made public here today by national headquarters:

"If they will just keep Senator Harding on the stump our presidential majority will be 200 electoral votes, and instead of a small majority in the senate we will have it."

Mr. White, who conferred with Ohio democratic leaders in Columbus, added:

"Ohio is assured for Cox and Roosevelt. The same is true of Indiana, and the 'southern border states' are as safe for democracy as Texas. Western Chairman Doremus turned over his reports to me today and they revealed a west and a northwest burning like a flame for the league of nations."

"Anxiety has followed confidence among the republican leaders. Their groundless assurances from inspiring sources that Senator Harding was at heart a pro-league."

"Next state of mind will be certain democratic victories will have begun to accumulate until those who are in close touch with the democratic campaign await with perfect confidence the balloting two weeks from today."

"During the last two weeks this change has been apparent. It started with the Des Moines speech of Senator Harding in which he broke away from his board of strategy and revealed himself as an irreconcilable on the league of nations, joining company openly with Senators Johnson and Borah for rejection of the league."

"Until Senator Harding did that, republicans and independents who are for the league accepted him. At national headquarters in New York from the moment that Des Moines speech appeared in the press, it was like watching a tidal wave. First came hundreds of telegrams from republicans and independents announcing their support of Cox. Then came the real barometric test."

"Literally by the thousands, letters containing small contributions began to pour in from republicans and independents, a high proportion of them from women. Dimes, quarters, dollars and larger sums in currency, checks, postal money orders and drafts, piled upon the desk of Treasurer Marsh."

"In total, they represented no large sum, but as an evidence of the feeling of the people they were most significant. The ascendancy of the democratic cause began then."

HAPPY CHILDREN OWN GREAT FAIR

(Continued from First Page.)

In the myriad lights of Larkland burned brilliantly in the night and the great searchlights played across the upper blackness these same youngsters filled many a city-bound car with their subdued and often sleeping forms, exhausted but happy to the last, for they had discovered the wonders of a fairy land far more extensive than their dreams had ever pictured.

A feature of the day was the formal opening of the Boy's Fair, with talks on "Fairs as Educators" by H. G. Hastings, and "The Purpose of the Boy's Fair School" by J. K. Giles. The enrollment in the school reached the 260 mark Tuesday. Another phase of the boys' work initiated on Tuesday was the beginning in deep earnest of the battle between teams representing fifteen states in the international club judging of live stock.

Georgia came out with flying colors in the swine awards of yesterday. Duro-Jersey classes, pocketing eight of the major prizes. In the Jersey, Holstein and Hereford cattle classes the Empire state easily took the lead. When it is recalled that six to eight states were competing in these various classes, the results point to Georgia as a leading stock raising state of the nation.

The "Dalla Show" were taken by Mrs. Henry Johnson, Jr., of 763 Peachtree street, who won five firsts, and Mrs. E. P. Greenhaw, of College Park, with one first. The Norcross Improvement club won first place among the club booths, while the Junior Park Girls' club came second; Fulton High school was rated third; the Bolton Farmers' Teachers' club fourth, and Circle No. 7, St. Mark's, fifth.

There is a distinctly educational side to the fair which deserves special mention. Exhibits, demonstrations and lectures which tend to send better equipped men and boys back to their home communities are provided with a splendid prodigality. The indicative of the progress being made in the movement to improve

home conditions in the rural communities of Georgia, the exhibit of the Fulton County Home Economics Demonstration Work is one of great interest. Under the direction of Miss Floy Shannon, home economics demonstrators of Fulton County, the exhibit is a display of products that is really remarkable for what it shows of the progress made in this line. Fruits, vegetables, preserves, pickles, jams, and other products are exhibited in neat, clean, and attractive containers, and the products were grown in individual gardens and put up by club members in the course of the home economics work during the past few months.

The entire lower floor of the Palace of Agriculture is given over to the exhibits of the United States and state departments of agriculture. As an educational feature, there is probably no other one existing in the country. By means of the use of pictures, models, and the most improved and modern methods applicable to the needs and problems of the farmer are demonstrated. Complete models of farms are displayed, showing the division and diversification, drainage and land reclamation should be accomplished. Miniature barns and other farm buildings are presented to perfection. Exhibits of boll weevils under high power magnifying glasses are shown as objects for valuable talks by experts.

Boy Judges Busy. On Tuesday the international club judging of live stock by the boys gathered here to compete, attracted more attention than any of the rings where the professionals have away. Seated upon a bale of hay was J. A. Sheets, regional animal husbandman, and before him stood each boy as he came forward to be quizzed on the names of some cow, boar or herd of calves. The youngsters evinced little hesitation, answering with the certainty of conviction and ingenuity in preparing for just this ordeal. Their quick replies came couched in learned terms, such as "classified A, because of straight back, thick fleshed, deep twist between lights and money cow." The boys completed their judgment of Berkshire, Polled Short horns and Duro-Jersey Tuesday. Final results and awards will not be announced until Thursday.

It is very probable that on Friday evening the chamber of commerce will give a banquet to the boys of the various state teams.

Woman's Club Exhibit. The Atlanta Woman's club has one of the most attractive exhibits in the liberal arts building at the Southeastern fair. The booth is devoted exclusively to the display of products available at the Atlanta curb market, which institution was established some months ago through the efforts of the women's organization.

Mrs. Norman Sharp has been in direct charge of the curb market and her activity in its behalf reflects credit on the establishment of the market as a permanent enterprise. The aim of the club at present is to interest in the enterprise and bring about a realization of its benefits.

The paid attendance Monday was 5,800, as against 5,100 on Tuesday. This is remarkable when it is remembered that the opposition of the biggest circus in the world opened at the fair on Tuesday. The attendance record is 6,300 on Tuesday, and it is probable that 20,000 to be added when the final returns for Tuesday are counted.

Following are the awards made to date in the classes indicated and in the order of publication:

In the Duro-Jersey classes, Peacock and Hodge, of Cochran, Ga., was awarded eight major prizes, including the grand champion prize. Peacock and Hodge, of Cochran, Ga., were awarded seven major prizes, including the grand champion prize. Beautiful Art Exhibition Offered at Lakewood Fair

By bringing an art exhibit, representing the work of the foremost brushmen of America, to Atlanta, the Southeastern fair has made a very real and invaluable contribution to the culture and pleasure of the city. The canvas hung upon the walls of the Palace of Liberal Arts are valued at \$48,000, and represent 50 leading artists. A special sale will be opened Friday morning.

Mrs. E. W. Moore, of Atlanta, is in charge of the art exhibit and, in making her selections, she has attempted to secure two classes of paintings—such pictures as best exemplify the best work of the country, without regard to section, and also canvas which show the best of the southeastern states. In all, 150 pictures are in the collection.

The purpose of the exhibit is threefold: to afford Atlanta, a city lacking in art galleries—an opportunity to see real art without leaving home; to encourage southern art and to establish a southern art market.

Pictures already hung represent figure group, landscape, nature study, sea, cloud, portrait and miniature paintings. The greatest majority are of the modern impressionistic school (which is not to be confused with the impressionistic or cubist), though a few are reminiscent of the old style of minute detail and meticulous design.

Demanding mention in detail are a number of the canvases. Robert Henri, nationally known as a painter of the nude and Indians, has an entire corner devoted to his works of both subjects. Daniel Garber is represented by a landscape, "The Hills of Byram," which in its class, evidences the same of skill and mood, for it is done in soft grays, the most difficult colors for landscapes. Entirely different in technique and subject matter is his "Love of Winter," portraying a vivid and animated scene of winter sports.

On Tuesday afternoon, a private soldier was seen gazing intently at a picture, as though deeply stirred. Finally he turned away with the remark: "That artist has been there." The picture was T. E. Schooner's "United States Marines Take a Call at Camp." Mr. Schooner falls in the class of illustrative art, and has been the most realistic of American war painters.

Probably no other artist whose work appears in the fair evinces the depth of mood and delicate expression of simple emotions as does Catherine Wiley, as depicted in her "Mother and Child." Pausing in his work as a portrait painter, Pliny McConnell offers a modern study of the massiveness of rock-crushed cliffs and the wild splendor of the waves as at storm-tide.

John Leitz has a number of his internationally famous miniatures on exhibition. One of the number was awarded a prize at the Royal Academy. Mr. Leitz has studied in Holland, Paris and England. He holds 28 prizes for foreign and American exhibitions. At present his home is in Chicago.

STATE RED CROSS WORKERS CONFER

Plans Perfected for Fourth Roll Call of Members. Peace Period Work of Organization Outlined. Several Brilliant Addresses.

Speaking in the chamber of commerce Tuesday morning at the initial session of the fourth Red Cross roll call conference for Georgia, Dr. M. Ashby Jones electrified his hearers when, in phrasing that breathed inspiration and intimate knowledge of performance, he characterized the Red Cross as the greatest institution for physical good in the world.

After describing its war work, he declared its peace program to be the broadest ever undertaken for world betterment, for the quickening of personal and community service in welfare work, and for the amelioration and stopping of those human ills and preventable diseases which were brought so prominently forward when the flow of American manhood was called upon to go forth in battle as defenders and upholders of civilization.

In his opening phrase Dr. Jones caught the instant attention and sympathy of the audience when he drew attention to the close relationship of America and the lowly Nazarene, Red Cross being an actual as well as symbolic agent for good and therefore a servant of the Master.

Peace Period Program.
At the conference Tuesday primarily called for the purpose of formulating plans for the successful conduct of the fourth Red Cross roll call of members, every phase of the peace period program of the society was exploited, and in such manner as to be of as much educational worth as it was interesting.

Dr. T. F. Abernethy, state health officer, spoke interestingly of Red Cross work in Georgia, and the close relationship existing between it and the state health department. He said the society was doing wonderful work in the schools in the way of improved sanitation and the introduction of features conducive to the physical and mental upbuilding of the children.

Public health service was carefully gone into by Dr. E. A. Peterson, national director of Red Cross health service, and Miss Elizabeth Fox, national director of the bureau of public health nursing.

One of the most inspiring talks of the day, from a Red Cross angle and human interest, was that of Miss Ada S. Woolfolk, director of the bureau of chapter service, southern division. Miss Woolfolk had as her subject home service and child welfare. She declared there was little or no divergence of view nowadays as to the urgent need of wider education in both fields. She said that child life was shaped by environments, physical as well as social and moral, and that if these environments were not of the right sort the physical and mental dwarfing of the child was almost certain to follow. Miss Woolfolk's address was given marked attention.

Round Table Discussion.
Other speakers during the morning and afternoon sessions were Burr Blackburn, secretary of the board of public welfare, Relation of Red Cross to Work of Board of Public Welfare; C. S. Mason, field director, Fort Oglethorpe, "Red Cross and the Man in Uniform"; and Legare Davis, director of publicity, southern division, his subject being "Publicity."

At the conclusion of the program of addresses, a round table discussion for the fourth Red Cross roll call organization was held. Dr. Cree, special representative, southern division, acting as master of ceremonies.

Chapter Leaders Present.
Practically every active Red Cross chapter in Georgia was represented at the conference, the following reporting to the secretary of the southern division: Mrs. Albert Hill, Greenville; F. O. Morrison, Adel; Julius M. Elrod, Jefferson; Mrs. B. N. Herring, Brinson; Miss Vivian Perkinson, Greenville; Rev. C. M. Meeks, Cuthbert; J. Homer Dimon, Columbus, Ga.; W. D. D. Louch, Reidsville; Mrs. G. W. McCulley, Valdosta; Rev. J. H. Mather, Vidalia; C. S. Mason, Fort Oglethorpe; S. B. Rice, Greenboro; George P. Shingler, Donaldsonville; Lucy E. Knox, LaGrange; Mrs. M. M. Ham, Gainesville; Lattimer, Newnan; May Bagwell, LaGrange; Mrs. O. L. Mallory, Macon; Mrs. N. C. Gable, Brooks; Ruby C. Worsham, Winder; Mrs. G. H. Prior, Gainesville; Mrs. J. P. Planners, Gainesville; Elizabeth Ellis, Gainesville; Ella M. Powell, Gainesville; Louise Wallace, Forsyth; A. R. Utter, Rome, Ga.; B. H. Clark, Buena Vista; C. W. Coleman, LaGrange; Isabelle Reese, Asheville; N. C. Mrs. M. M. Ham, Gainesville; N. C. Mrs. M. M. Ham, Gainesville; C. C. Stokes, Jeffersonville; C. C. Collins, Reidsville; Mrs. C. S. Malette, Jesup; Mrs. Annie Laxenly, Newnan; Mrs. R. A. Field, Newnan; Dr. Lester Brown, College Park, and David H. Bailey, Griffin.

Of the higher institutions of learning in Georgia, Queen's university easily takes the lead in the number of its women graduates.

Atlanta Is Trying Asphalt as Paving For Her Sidewalks

Asphalt as sidewalk paving material is receiving its initial test in Atlanta, which is one of the first cities of the country to experiment in its use for this purpose.

The city construction forces have nearly completed the laying of an asphalt sidewalk on the north side of Delmar avenue, between South Boulevard and Confederate avenue, and at the end of that project will build sidewalks of the same material on Ormewood avenue from Confederate avenue, one block east.

Cheapness and improved walking qualities are two advantages claimed in favor of asphalt, and another is that it is laid with double the speed of tile paving.

Chief of Construction H. L. Collier said Tuesday that the average cost of tile is \$1.90 a square yard, while asphalt is from 45 to 50 cents a square yard. "We can lay 400 feet a day of asphalt sidewalk," he said, "which is approximately twice as fast as tile."

Another point in favor of asphalt is its elasticity, acting as an absorbent to the shock one gets while walking on tile or concrete sidewalks.

Asphalt, sand and Knoxville chert is the composition of the material which with the first tests are being made. The chert are small limestone cubes, their use, said Mr. Collier, giving the sidewalk very much the appearance of having been made of stone.

During the recent period of fair weather the forces of the construction department have rapidly strides on a number of important paving jobs and the building of some large sewers, confederate avenue and some other of the bigger projects have been completed within the time limit.

Monday saw completion of Mauldin street, from Gibson street to St. Paul street. The material was bituminous macadam. Work was started last Monday on the widening of Peachtree street, from Ellis at the Arden hotel, to the Thirteenth street sanitary sewers.

The sewers under construction are the open channel at Piedmont park, the Tenth street and the Thirteenth street sanitary sewers.

BLOCK ESCAPE EFFORT.
M. F. Morgan Dashes Out of Courtroom.

M. F. Morgan, of 32 Windsor street, made a spectacular but vain attempt to escape from the municipal court on the seventh floor of the courthouse Tuesday following a sentence of ten days in jail for contempt of court, which was passed by Judge T. O. Hathcock on the 14th.

Morgan had been summoned to appear in court Tuesday. When he did not come Judge Hathcock sent for him. When the witness arrived the judge asked him why he did not appear when summoned, and the former stated that he did not want to. Judge Hathcock then sentenced him to three days in jail, whereupon Morgan asked the judge why he did not make it three years.

Judge Hathcock then sentenced him to ten days. Following this he attempted an escape and ran down five flights of steps before he was taken into custody by County Police Officer Chapplear and City Policeman McDonald on the second floor.

The case in which Morgan had been called as a witness was one in which Morgan's wife was the principal witness against Bertha Dugan, who, she charged, had alienated her husband's affections. The Dugan girl was held under \$1,500 bond after the hearing.

Confederate Widow Needs Information To Obtain Pension

Mrs. E. W. Hammond, of Griffin, Ga., is the widow of a confederate soldier who is entitled to a pension under the Georgia law, but who cannot get the benefit of this pension until she proves the service of her husband.

To do this it will be necessary to secure a statement from some of his former comrades-in-arms, but this confederate widow does not recall the name of any of her husband's former associates.

She sends the following to The Constitution, which is intended to publish it with the hope that if it reaches the eyes of any of the former associates of Edwin W. Hammond, Company A, Second Georgia Confederate reserves, they will communicate accordingly with Mrs. Hammond to the address given in the following communication:

St. Luke's Men's Club To Act on Assistant For Rev. C. B. Wilmer

The question of securing an assistant rector to aid Dr. C. B. Wilmer in his parochial duties will be discussed at the monthly meeting of the Men's club of St. Luke's Episcopal church Thursday evening at 7 o'clock. Interesting reports from various committees will also be heard, according to President Charles Chambers.

RAIL SERVICE CONCERN ANNOUNCES BIG ISSUE

The National Railway Service corporation announces an issue of \$50,000,000 of its trust certificates for the purchase of equipment to be supplied to the railroads. This corporation was recently organized by the National Association of Owners of Railroad Securities under the amendment to the transportation act suggested by the association, and passed by the last congress. This amendment gives authority to the interstate commerce commission to make loans from the \$200,000,000 fund provided by congress to the corporation to supply equipment to the railroads when approved by the commission.

S. Davies Warfield, president of the corporation, explaining the nature and purposes of the issue, stated that it carries other than those provided for in the series are in negotiation with the corporation for equipment. Twenty railroads, he said, have applied for equipment, at an aggregate cost, if supplied, of \$125,000,000.

FOUR CHILDREN TO GET ESTATE OF MRS. ADAIR

The will of the late Mrs. A. D. Adair, which was filed for probate in the office of Ordinary Jeffries Tuesday, divides her estate equally among her four children, Mrs. Adele Adair Field, Mrs. Laura Adair Bonn, Mrs. Barbara Adair McClune and Augustus Dixon Adair, Jr.

No estimate on the value of the estate was given. The son of the deceased, A. D. Adair, Jr., is named executor of the will. Mrs. Adair divided her personal effects among her children and left a neat minute and complete list of china, silver, paintings and furniture that each child was to receive.

TRAIN WRECKERS MAY HAVE CAUSED GEORGIA ACCIDENT

Investigation of the report of Conductor Haslett, of Georgia passenger train No. 4, who was in charge when it was derailed Monday night at Social Circle, resulting in the death of two Atlanta negroes and injury to seven other persons, is under way by officials of the railroad, working on the theory that the accident was the work of train-wreckers.

The dead men are Cliff Hampton, of 69 Butler street, and Smith Evans, of 167 Love street. Among those injured were James A. Wicker, a train dispatcher, and a small white girl, whose identity was not ascertained by the train crew. She is said to have been cut about the face by broken glass. Conductor Haslett sustained minor injuries.

According to reports made to J. P. Billups, general passenger agent of the road, the train had discharged passengers at Social Circle and was slowly leaving for Augusta when the accident occurred. At a point known to railroad men as the fertilizer siding, near enough to Social Circle to be in view of the depot, the engine and baggage coach passed safely over the switch, but when the combination coach, reaching the switch, it was derailed. The negro compartment was completely wrecked.

WIFE FASTIDIOUS ON JOB QUESTION, ASSERTS HUSBAND

Claiming that his wife objected to his employment as a motion picture operator and treated him cruelly, James M. Oliver Tuesday filed suit for divorce against Mrs. Minnie McFall Oliver.

The suit, which was filed by Attorneys Allen and Crawford, sets out that Mrs. Oliver, who was employed, stating that it made him mingle with "common trash," and that she was unable to get her friends know she had married a man of this type. She alleges that she was driven from her position and entered the jewelry business, whereupon she complained that all jewelers "are crooked."

MISS ESTILL IS DEAD.

Was Sister of Former Editor of Morning News.

The body of Miss Susan Ellen Estill, sister of Colonel J. H. Estill, who was at the time of his death several years ago, editor and publisher of The Savannah Morning News, was sent to Charleston, S. C., Tuesday evening for funeral services. She died in Atlanta Monday at a private hospital.

Before her brother's death, Miss Estill made her home with him in Savannah. Since that time, she and her sister, Miss Eugenia Estill, lived in Kirkwood.

Miss Estill was a writer of ability, and several small volumes of her writings on current subjects have been published.

Parents Are Warned Miniature Bonfires Endanger Children

Local hospital officials have issued a warning against the practice of burning piles of fallen dead leaves. Attention is called to the fact that a number of children are burned at this season of the year because of these miniature bonfires, and parents are urged to forbid their children to gather the leaves and burn them.

A large number of such fires were reported during Monday and Tuesday in the Peachtree circle and West End sections.

We build on a fixed fee—not on percentage

WHEN Goethals, Wells manages construction, the relationship is professional. Our compensation is a fee, fixed in advance by contract. Our interest is identical with yours.

Lump sum contracts and the cost-plus basis have obvious disadvantages. We prefer to act strictly as technical agents for the owners.

After creating the engineering and architectural designs and plans, we either (a) employ the contractors for each class of work, or (b) organize a construction force, paid by the owners and directed by us, or (c) combine these methods.

It is manifestly to our advantage as well as yours to complete the job rapidly, at the least cost, and without deviation from plans and specifications. While relieving you of all detail, we work in the closest confidence with you.

Our fee will usually be lower than the aggregate of fees otherwise paid for technical services from several unrelated agencies.

We shall be glad to be consulted about projects of any character, from a small factory to large public works.

The parent corporation, George W. Goethals & Co., Inc., is available to undertake the management of a new enterprise, or to reinforce the existing management until it is established and operating effectively. It also makes examinations and reports upon all kinds of industrial and commercial enterprises.

Card Party at Ansley Roof.

Thursday afternoon, October 23, at 3 o'clock, the Joseph Habersham chapter, D. A. R., will give an elaborate card party.

Twelve handsome prizes have been secured and the event promises to be a huge success.

For reservation, phone Mrs. George Lewis Pratt, regent, IV 5948, or Mrs. Robert P. Stahl, Hemlock 1813-3.

Miss Byrd in New York.

Miss Gladys Byrd entertained at the Hotel Biltmore, New York city, one afternoon recently in honor of Miss Thacker Mac Brown, who will be pleasantly remembered as the guest of Miss Byrd last winter, and Mr. William Selden, at whose marriage in November, Miss Byrd was an attendant.

There were ten couples in the party, and an elegant appointment marked the occasion. The table decoration was in lavender, chrysanthemums and pink roses.

Miss Byrd wore a chiffon gown in the modish new copper color, with a smart hat combining copper color and black. Miss Brown was dressed in brown chiffon, and her feather hat was in shades of white.

Miss Byrd is making a series of visits with school friends in New York and will be the guest of Mrs. Brown's house party at the time of her wedding, which will be elaborate and beautiful.

She is also making a series of visits to the Presbyterian church to be followed by a reception and dance at the Ritz-Carlton.

To Mrs. Newcome.

In compliment to Mrs. Harry Newcome, of Havana, Cuba, the guest of Mr. and Mrs. Charles D. Atkinson, a number of parties are being given, notably a bridge tea at which Mrs. Atkinson was hostess.

The occasion was one of beautiful appointments.

Mrs. Robert Moore gave an informal tea and Mrs. Garrett Boyd entertained at Sunday night supper.

Mr. and Mrs. Newcome leave Thursday for Macon en route to their home in Havana.

Music of the Orient at Music Study Club.

The Atlanta Music Study club will give the first of its regular study programs for the season on Wednesday morning, beginning promptly at 11 o'clock. The meeting will be held in the new club room in the annex of the Ponce de Leon Baptist church, on Piedmont.

Under the direction of Miss Madeline Kelp, the program chairman, a most charming program has been arranged on the subject of "The Arts of the Orient." Some of the best talents of the city are to assist in giving the program.

Those who will be present are: Miss Harriet Small, the charming young Atlanta contralto; Mrs. Martha Clark, the soprano; Mrs. Claude Neely, whose piano work has recently come very favorably before the attention of Atlanta musicians; and Mrs. William C. Jones, former president of the Drama League, who will give one of her delightful readings.

The numbers included in this program will be given in the composition which have derived their origin from the Oriental peoples, and a short lecture will be given on "The Arts of the Orient," which have furnished so much material for musical compositions.

All who are interested in music are cordially invited to become members of the Music Study club. The fee of \$20 gives admission to all regular study programs and the morning lecture-recitals known this season as the Morning Musicales.

Membership cards will be issued at the door, and those who have not yet secured membership cards will be given the opportunity to do so on Monday morning to secure same before the meeting opens.

Permanent Thrift Urged Upon Club Women.

The members of the committee of the Atlanta Women's club were urged to make thrift a permanent institution in their homes and as far as they could, in the community, by Dr. McDowell, of the United States treasury.

The committee met in the Atlanta Women's club, at Joseph Henry chairman, presiding. Dr. McDowell developed a powerful reason for women saving and making careful expenditures and cultivating thrift as a habit, basing his arguments on these facts:

The total sales of thrift and W. R. S. to September 30, 1920, were \$1,168,200,000. The redemptions up to 1920 were \$300,000,000. This shows about 75 per cent still in the hands of investors, more than sufficient to pay the entire cost of the Panama canal and the American war debt combined.

Dr. McDowell attributed all extravagance and waste to one-third of our people, who spend \$35,000,000,000 in unnecessary eating, drinking, and the purchase of diamonds and furs in large quantities, as only a very small return for shiploads of cotton, machinery and foodstuffs exported.

He appealed for more thrift and savings, and outlined plans which could be established in the schools.

Upon women he placed a great obligation in that of saving and judicious investment in government securities.

Rehearsal Supper.
Dr. and Mrs. Theodore Jack entertained at buffet supper last night at their home on the Emory university campus the occasion, a delightful one, assembling the bride party for the marriage of Miss Emily Melton and Mr. James B. McNeelley, whose marriage takes place tonight.

The house had artistic decoration in autumn foliage and yellow and white chrysanthemums.

Mrs. Jack was becomingly gowned in black tulle. Miss Melton wore a charming costume in orchid satin and silver lace.

Murray-Newell.
Baltimore, Md., October 19.—(Special.)—Alfred L. Newell, of Atlanta, Ga., married Miss Edith Pearce Murray, youngest daughter of Rev. Dr. and Mrs. S. Reese Murray, Saturday, at the home of the bride at Gaithersburg, Md. The ceremony was performed by the bride's father, assisted by the Rev. John Edwards, superintendent of the Washington, D. C., district of the Methodist Episcopal church. Mr. and Mrs. Newell are now in Atlanta.

MEETINGS
The Forrest Avenue Parent-Teachers association will hold its second meeting at 8 o'clock, a full attendance is urged, as plans for a bazaar and luncheon, to take place in November, will be discussed. Dr. Blanch Lovelidge will deliver an address to the members and light refreshments will be served.

The Woman's Union Bible club will meet Thursday morning at 10 o'clock with Mrs. E. M. Chapman, 485 Hurt street, inman park. The teacher, Mrs. Kendall, and class invite all ladies.

SOCIAL ITEMS
Mrs. W. W. Banks is in Senola to attend a wedding.

Mrs. Albert Thornton, Jr., is in LaGrange to attend a wedding.

Mrs. W. W. Ausubell is in Texas and later she will visit in California.

Mrs. Walter C. Hill has returned from a visit to relatives in Maryland.

Mrs. John W. Hammond is ill at the Piedmont sanitarium.

Mrs. Samuel Inman leaves today for a visit to New York and Philadelphia.

Mrs. Corra Harris and Mrs. Hope Harris have returned to Rydal, Ga.

Mr. and Mrs. Oscar Peoples have returned to their home in Bartow county.

Mr. Milton Saul, of Dallas, Texas, is at the Georgian Terrace.

Mrs. A. P. Brantley returned Monday from California and is the guest of her daughter, Mrs. James R. Brantley, Mrs. Ashley, of Dawson, Ga., and Miss Emily Robinson return today.

Mr. and Mrs. John Sanders, of Texas, are at the Piedmont hotel.

Miss Bettie Andrews has returned to her home in Chattanooga.

Mr. and Mrs. Jackson Dick have returned from Canada and are at the Ponce de Leon.

Mr. S. B. Brown, of Albany, has returned home, after a short visit in the city.

Mrs. George W. Connors, of Birmingham, spent yesterday in the city as the guest of Mrs. William Westmoreland, en route home from New York.

Dr. and Mrs. Bates Block announced the birth of a daughter Monday, October 18, at their home on Peachtree street.

The friends of Captain W. T. Smith, 37 Cleburne avenue, will be delighted to know of his employment. Captain Smith has been ill for the past two weeks.

Ice cream was first mentioned by Marco Polo, who visited Japan in the thirteenth century and brought back tales of water and milk ices which were among the delicacies then known to the people of the east.

Just as she prepares herself for it, so will most favorable conditions prevail when her child is born.

MOTHER'S FRIEND is a balm for the nerves, an intensely penetrating lubricant that softens the muscles, relaxes tension of the delicate organism involved in maternity, and prepares the way for an easier, quicker and practical delivery.

CROSS-WISE ADVICE.

In his address at St. Louis the
other day Senator Harding, republi-
can nominee for president, very
appropriately discussed our foreign
relations and trade extension.
He emphatically advocated "the
extension of American banking and
merchant marine facilities," the
establishment of "an international
financial system," which, with the
extension of the merchant marine,
"would aid," he said, "in develop-
ing trade with the more distant
parts of the world."

All very fine, and very true.
But how inconsistent it is to ad-
vocate an extension of American
trade and banking relationship,
and in the next to expound the
doctrine of national isolation!
So long as the United States,
with Germany, Russia and Turkey
—of all the powers, great and
small, of the world—remains iso-
lated from the rest of the world it
is bound to be deprived of the com-
mercial benefit that grows out of
friendly association with the other
nations of the world.

And yet Senator Harding talks
about trade extension, broadening
"opportunities for American for-
eign commerce," and the establish-
ment of "an international financial
system," while at the same time
insisting that the United States
keep aloof from the rest of the
world.

There is neither consistency nor
sense in such a position.

LOOKING AHEAD.

Atlanta's new city planning com-
mission can profitably emulate the
policy under which New York is
operating in anticipating constan-
tly increasing demands upon its
municipal and interurban transpor-
tation facilities.

New York is looking ahead, and
planning to meet the needs of a
quarter of a century from now, at
the same time allowing for addi-
tions and extensions to its trans-
portation lines that can be de-
veloped proportionately with the
city's growth during the next
seventy-five years.

The chief engineer in the office
of the New York transit construc-
tion commissioner has just com-
pleted a plan for adding 830 miles
of new lines and extensions to the
city's existing 616 miles of subway
and elevated lines, much of which
plan, as The New York Times ex-
presses it, "is based upon the
vision of 5,000,000 passengers a
year riding in the extended system
within a quarter of a century in-
stead of the 1,333,000,000 that rode
in the subways and elevated cars
last year."

The engineer's estimates are
based upon the city's growth and
transportation requirements in the
past as they are shown by statis-
tics, and from which the future
may be anticipated and prepared for.

"Of course, as Transit Commis-
sioner Delaney suggests in pre-
sents the plan to the public," it
is not intended that the compre-
hensive scheme as laid out in its
entirety will be undertaken at
once, but that it should be pro-
ceeded with gradually and con-
tinuously."

In other words, having figured
out, formulated and mapped the
entire system—a system of new
transit lines and extensions ram-
ifying the entire metropolitan dis-
trict and reaching out far afield
into districts which are now but
sparsely settled, but which, in all
probability will be densely popu-
lated within twenty-five years—

the idea of the transit construc-
tion department is to begin now
upon building a definite, well-
thought-out and well-worked-out
plan, and to keep building year
by year as requirements warrant.

The first thing that is to be
done will be to submit the con-
crete plan to the municipal board
of estimate, to all of the other city
and borough officials, to civic so-
cieties, "and to all others whose
views on the question may be of
value;" and then, after the plan—
perhaps with amendments and al-
terations—has been agreed upon
and approved to start building in
accordance with it.

"So the plan, as it appears at
present," says The Times—
"must be regarded only as a basis
out of which will grow something
that will displace the fewest num-
ber. It is expected that when the
consensus of opinion is at hand the
most important bit of improvement
will become known and that effort
can be concentrated toward making
it. Then will come another bit, and
so on until in the course of years
the city will be properly equipped
with a transportation service."

The movement is predicated
upon the reasonable theory that
"the growth of the city will never
cease," and that in twenty-five years
the population will be in the neigh-
borhood of 9,000,000, and that the
city must speedily provide facili-
ties for the accommodation of an
additional 2,600,000 passengers a
year.

"It is not unreasonable to as-
sume," says Chief Engineer Turner,
of the transit construction de-
partment—looking ahead three-
quarters of a century—

"that in seventy-five years the traf-
fic may amount to somewhere
around 9,000,000 passengers—
7,000,000 more than are now car-
ried. If, in the future, most of the
traffic is rapid transit traffic, then
the 7,000,000,000 additional capacity
provided by the proposed plan would
not much more than suffice for the
city's transit needs in seventy-five
years."

Thus New York is not only look-
ing ahead, but going ahead; build-
ing, building, building, and plan-
ning for the future; anticipating
needs and getting ready to meet
them before they arise.

In that way progressive and
wide-awake cities in all parts of
the country are conducting their
affairs. In that way, and in that
way alone, cities become great!

Here is New York getting ready
to add 830 miles of rapid transit
lines to its existing facilities—
planning concretely for twenty-
five years.

What is Atlanta doing in this
respect?
Absolutely nothing!

In the matter of transit exten-
sions, as in everything else, At-
lanta has proceeded upon the the-
ory that "sufficient unto the day
is the evil thereof"—that is to say,
after the need has developed to the
proportions of an emergency, try
to meet it.

Atlanta, like New York, proba-
bly never will cease growing. We
should proceed upon that assump-
tion anyhow; and right now, like
New York, we should be planning
to take care of Atlanta's require-
ments ten years, twenty-five years,
three-quarters of a century hence,
just as New York and other pro-
gressive municipalities are doing.

If there ever was city that at
any time in its history needed a
competent, alert, constructive
"city planning commission," com-
posed of enterprising men and
women of capacity and vision, At-
lanta certainly needs one at this
time! Such a commission has
been appointed for Atlanta. It con-
sists of men well equipped for the
work, and it is reported that Hon.
Hoke Smith will be made the
chairman of the body. The selec-
tion will be generally approved,
and the public will look forward
with much interest to the work of
the commission.

The old-time Anti-Horse Fight
association has been reorganized
in Missouri, but by owners of au-
tomobiles; and the warning has
been sent broadcast that it is the
intention of the organization to
resurrect the same old penalty for
violators of the larceny law, if
milder methods prove insufficient
in attaining results.

According to both producer and
consumer, tobacco is another com-
modity in which there is a too wide
variance between the prices of the
raw and finished product.

Today's Talk

THE NICETIES.

The big traits of human charac-
ter we admire and are inspired by.
But the little, full-of-thought,
fierce, logical, niceties of action
that many people have a way of
bringing out, are what we love.

I know a man of great talent and
ability. He is known all over the
country for his genius. But to me
his little kindnesses and generous
impulses, that are forever cropping
out all the time that I am with him,
mean more than anything else.

It's the niceties of life which
make it beautiful and wonderful.
What are some of the niceties?
Well, to think of the other fellows
first, is a very extraordinary nicety.
To do little, out-of-the-way things
for folks you like, to be consid-
erate, to forgive unintentional hurts,
to try to conform to the pleasures
and wishes of those with whom you
may be thrown—to help, to cheer,
to be game, to be courteous, to
keep silent—these are a few of the
niceties which help to make our
little lives happier.

Mother and father are all wrapped up in
niceties. Niceties are the trappings of
service. Without them, life would
be little to service. For as "the gift
without the giver is bare," so is
service without the heart behind it.
The man expressed in his own
peculiar niceties, stripped and
buried.

Cultivate the niceties. Appreciate
them in the characters and actions
of those you love. Lots of people
are looking for them!

HEALTH TALKS

By WILLIAM BRADY, M. D.

THE LADY WITHOUT A SPLINT.

A business woman writing on her
own letterheads makes this in-
teresting contribution:
"I am one of your very apprecia-
tive readers on the corset propo-
sition, and cannot refrain long
from thanking you for your excel-
lent articles."

"I rebelled at wearing a corset in
the beginning, and reached the
settled (3) age of 34 years with-
out a sagging stomach (as pre-
dicted) and will challenge any of
my sex on erect carriage and per-
fect health. I am no pygmy and
weigh 125 pounds, and weigh 155
pounds."

"Many times I have had to stand
alone in my independence, but
have several followers equally
willing to forego custom. I have
kept a scrapbook of your treasured
articles on the subject as well as
reading for spirit wearers who are
free with advice."

How amused Chinese women,
binding their feet, must feel when
they read about American women
binding their trunks.

Women should develop more of
the spirit of the woman who worn
a corset. A woman simply can't turn
when she gets her splints on. A
woman has a graceful, undulating
carriage, and never grows ungain-
ly nor has a sagging stomach. A
woman who has worn abdominal
splints ten years, . . .

Sagging stomach for every
man similarly afflicted. To a wom-
an's way of reasoning perhaps this
would suggest that all men should
wear corsets.

The day a young woman begins
to wear corsets marks the begin-
ning of the end of any natural
beauty of form she may have had
coming to her.

The sole purpose of a corset is to
support. It serves in an indiffer-
ent way the purpose properly
served by the muscles of the ab-
domen, hips and back.

Put muscles at rest or half-rest
by means of splints and the muscles
steadily atrophy or waste away
or weaken. That invites sagging or
protrusion of various abdominal
organs, and slothful posture of the
body as a whole. More particularly,
it favors numerous aches and
pains, and the slight, but occa-
sional, "kidney trouble," "female
complaint," "kidney trouble," and
I don't know what all imagi-
nary diseases.

man similarly afflicted. To a wom-
an's way of reasoning perhaps this
would suggest that all men should
wear corsets.

The day a young woman begins
to wear corsets marks the begin-
ning of the end of any natural
beauty of form she may have had
coming to her.

The sole purpose of a corset is to
support. It serves in an indiffer-
ent way the purpose properly
served by the muscles of the ab-
domen, hips and back.

Put muscles at rest or half-rest
by means of splints and the muscles
steadily atrophy or waste away
or weaken. That invites sagging or
protrusion of various abdominal
organs, and slothful posture of the
body as a whole. More particularly,
it favors numerous aches and
pains, and the slight, but occa-
sional, "kidney trouble," "female
complaint," "kidney trouble," and
I don't know what all imagi-
nary diseases.

THE NICETIES.

The big traits of human charac-
ter we admire and are inspired by.
But the little, full-of-thought,
fierce, logical, niceties of action
that many people have a way of
bringing out, are what we love.

I know a man of great talent and
ability. He is known all over the
country for his genius. But to me
his little kindnesses and generous
impulses, that are forever cropping
out all the time that I am with him,
mean more than anything else.

It's the niceties of life which
make it beautiful and wonderful.
What are some of the niceties?
Well, to think of the other fellows
first, is a very extraordinary nicety.
To do little, out-of-the-way things
for folks you like, to be consid-
erate, to forgive unintentional hurts,
to try to conform to the pleasures
and wishes of those with whom you
may be thrown—to help, to cheer,
to be game, to be courteous, to
keep silent—these are a few of the
niceties which help to make our
little lives happier.

Mother and father are all wrapped up in
niceties. Niceties are the trappings of
service. Without them, life would
be little to service. For as "the gift
without the giver is bare," so is
service without the heart behind it.
The man expressed in his own
peculiar niceties, stripped and
buried.

Cultivate the niceties. Appreciate
them in the characters and actions
of those you love. Lots of people
are looking for them!

out a sagging stomach (as pre-
dicted) and will challenge any of
my sex on erect carriage and per-
fect health. I am no pygmy and
weigh 125 pounds, and weigh 155
pounds."

"Many times I have had to stand
alone in my independence, but
have several followers equally
willing to forego custom. I have
kept a scrapbook of your treasured
articles on the subject as well as
reading for spirit wearers who are
free with advice."

How amused Chinese women,
binding their feet, must feel when
they read about American women
binding their trunks.

Women should develop more of
the spirit of the woman who worn
a corset. A woman simply can't turn
when she gets her splints on. A
woman has a graceful, undulating
carriage, and never grows ungain-
ly nor has a sagging stomach. A
woman who has worn abdominal
splints ten years, . . .

Sagging stomach for every

GENTRY APPOINTED
GENERAL AGENT
FOR INSURANCE CO.

T. R. Gentry, commercial superintendent of the Southern Bell Telephone and Telegraph company, has been appointed general agent for the Southern States Life Insurance company, with headquarters in Atlanta, and with offices at 806-7-8 Forsyth building.

Mr. Gentry, familiarly known as "Tom Gentry," son of Colonel W. T. Gentry, former president of the Southern Bell and Cumberland com-

T. R. GENTRY.

panies, has been in the service of the company for the past seventeen years. After leaving the University of Georgia he served in every department of the company, rising to the position of district manager in Atlanta, later becoming commercial superintendent, handling the affairs of two states, Georgia and Alabama, embracing 138 exchanges. Mr. Gentry has been active in civic affairs in Atlanta and Georgia, his efforts in behalf of the Atlanta Chamber of Commerce, the Georgia State Automobile association and the Atlanta Ad club having been especially noticeable. Mr. Gentry has attended, as a regular delegate, the last six annual conventions of the Associated Advertising Clubs of the World, and rendered valuable assistance in bringing the 1921 convention to Atlanta.

SPEEDY QUIETUS GIVEN BY FRANCE TO HARDING STORY

"Formally or Informally, Officially or Unofficially, No Frenchman Had Authority to Negotiate With Harding."

NO FORMAL REPLY MADE TO U.S. NOTE OF INQUIRY

But Count De Bearn, Representing France, Calls at State Department and Says Senator Harding Is All Wrong.

Washington, October 19.—Assurances have been given the state department by Count DeBearn, French charge here, that the French government has not given authority to anyone to approach Senator Harding with suggestions that the republican presidential nominee take the lead in forming a new world association.

Calling attention to an official denial issued by the French foreign office yesterday, the French charge told Undersecretary of State Davis that he was assured that the French government had delegated no spokesman to act for it in negotiations with Senator Harding either "formally or informally, officially or unofficially."

The announcement of the visit of the French charge to the state department yesterday afternoon was made today by Mr. Davis, who said that while Count DeBearn had delivered no formal reply to the American note of inquiry to the French government, dispatched yesterday, he supposed that the assurances given by the charge were the result of previous communications with his government.

Mr. Davis said he did not know whether the French government would content itself with the denial issued formally yesterday at Paris and the assurances given the state department through the French charge or whether a formal reply would be made to the formal note of inquiry sent by the American government, at the direction of President Wilson.

It was further stated at the department that the American government had never had any intimation of a desire by the French government to "scrap" the present league of nations or to revise it.

WILSON'S INQUIRY NOT YET IN PARIS.
Paris, October 19.—The French foreign office stated shortly after noon today that it had not as yet received any demand from Washington for information regarding the subject referred to by President Wilson in his letter to Senator Harding, telegraphed to the press of France, from the United States.

The only statement authorized by the foreign office in this connection up to this time is that no official communication of any nature had been made by the French government regarding a substitute for the league of nations.

TOO MUCH FORCE IN ARTICLE TEN

(Continued from First Page.)
able that the American people shall enter into a solemn and positive agreement to guarantee and maintain by force of arms for all time the dispositions of territory and sovereignty which these four men made in the year 1919.

What Article 10 Undertakes.
"That is a part of what Article 10 undertakes to do. It is an alliance to enforce perpetually through the operations of the league the decisions of Mr. Wilson and his associates in the year 1919. It is a

throw-back to the old discredited alliances of the past. It speaks a language of power, and not the spirit of progress. It is an attempt to do what the holy alliance sought 100 years ago (with just as noble expressions of purpose)—to impose by force the judgment of the rulers of the present generation upon all future generations.

Mr. Root declared that "we shall promote the peace of the world" by electing Senator Harding, whose stand on the league, he said, was unchanged from the time he voted for ratification of the peace treaty and league of nations with the senate reservations. The election of Governor Cox, he said, meant the effort to have the United States join the league of nations without change as it was brought back from Europe by President Wilson. After "re-stating the situation" of the league, Mr. Root declared that it was well understood in 1919 and "is well understood now that the other parties to the treaty would have been content to accept" the senate reservations, adding: "Several European nations already have given notice of half a dozen changes in the covenant which they propose to urge at a meeting of the assembly of the league next month. The only reason why the changes necessary to meet American objections have not already been considered is that Mr. Wilson simply would not negotiate for them."

At the outset of the address, Mr. Root said: "I think a large majority of the American people earnestly wish for an organization among civilized nations, through which the nations shall co-operate to prevent future wars and that the United States shall do her full share in that organization. I certainly desire this very strongly."

Chief Objections to League.
The principal objections to the league, Mr. Root said, "may be roughly classified as follows: "First—Objections to the general defensive alliance with all members of the league, established by Article 10.

"Second—Objections to submitting to the council of the league questions of purely American policy, such as the Monroe doctrine or questions of immigration, upon which the European countries approaching that subject from an entirely different point of view and with opposing or different interests would almost necessarily differ from the American policy."

"Third—That the scheme practically thrust aside the whole system of development of international law, and of arbitral decision which had been the settled policy of the United States for many generations and depended for the treatment of questions of right as well as questions of policy upon the council, which would be composed not of judges, but of diplomatic representatives of the powers."

"Fourth—That the scheme created a super-government which would destroy the independence of the United States."

"Fifth—That the working of the plan under the covenant was not so arranged as to articulate with the constitutional government of the United States; that under it the president alone could practically carry on the entire foreign affairs of the United States by agents of his own selection to the practical exclusion of the popular branch of our government."

Wilson and Reservations.
Mr. Wilson, in being "unwilling to accept" the "reservations" to the peace treaty and the league of nations, has left us "practically where we stand today," Mr. Root said. "Mr. Cox declares," he continued, "that he will insist upon the treaty just as Mr. Wilson negotiated it, and upon that understanding Mr. Wilson is supporting Mr. Cox for the presidency. The democratic platform says substantially the same thing."

"On the other hand, Mr. Harding, who voted for the ratification of the treaty with the senate reservations, has declared he would do it again under the same circumstances. Mr. Root said it is plain that the issue is not between a league of nations and no league of nations. The question is whether the agreement creating the league shall be accepted absolutely unchanged or

COX TRAP DODGED, CLAIMS HARDING

Senator Says He Never Saw Monsieur DeKobra, of Paris, as Cox Alleges, But That Governor Did.

Marion, Ohio, October 19.—An unsuccessful attempt by Governor Cox "to trap Senator Harding" was charged in a statement issued from Harding headquarters here tonight in response to suggestions by the democratic nominee that Mr. Harding had conferred with Maurice DeKobra, a French journalist, regarding the French attitude toward the league of nations.

The statement, issued over the signature of Judson C. Welliver, headquarters director of publicity, said Senator Harding never had heard of DeKobra until today, though the latter had made an unsuccessful effort to see him in Indianapolis last Friday. It was asserted further that DeKobra, who said he had been traveling with the Cox party, "was evidently expected by Governor Cox to secure an interview with Senator Harding and to say certain things to him."

"Therefore," continued the statement, "when Senator Harding on the next day at Greencastle, Ind., made his casual observation about France having sent a spokesman to him informally, Governor Cox assumed that the DeKobra mission had been successful and that Senator Harding had taken the bait." Senator Harding himself declined to discuss the governor's references to DeKobra or to say anything further in regard to his difference at Greencastle. He indicated that with his reply to President Wilson's letter on the subject last night he was inclined to regard the incident as closed, and he did not intend to reveal the identity of his informants or any other details of the "informal" advice he received from them.

Welliver's Statement.
"In his speech at Rochester, N. Y., last evening, Governor Cox is quoted as saying in reference to Senator Harding's statement that shall be modified to meet the American objections."

Against Intemperate Debate.
Mr. Root's speech was striking as an utterance obviously designed to calm intemperate discussion of the subject on both sides. Combined with its note of conviction and finality as regards the republican position, the manner in which it was delivered was notable as counsel against "over-emphasis" which sometimes makes campaign oratory interesting.

A typical example of this effort was afforded in a reference to President Wilson. "It is a heart-breaking thing for the negotiator of a treaty to find that something has committed him to self and insisted upon, must be changed. He has naturally become an earnest partisan of his own ideas. Very likely he has committed himself by arguments and statements made in one way or another during the negotiations, so that he himself cannot very well charge. He is naturally intolerant of those who do not agree with him. It is almost impossible for him to avoid thinking of them as insects, or brutes, or ignorant or malicious."

Confidence

What a world of meaning this little word implies. It means Reliance—Trust and Dependence. When this firm first entered the field as Retail Clothiers, the first and only thought was to build a business based on Confidence; and we are not vain in saying the results of this policy has been PROGRESS—Clean-Cut—Open-Handed—Dominating. The sort of Progress that is inevitably coupled with successful lives and successful institutions.

As this is an era of Trust—Reliance and Dependence, you're admonished to Buy Your Clothes and Accessories from a Firm or such Firms only, who have built their reputation on this little word—Confidence.

Our Policy is, and always has been to have for you the Right Goods—Rightly Styled and at the lowest possible cost commensurate with the quality—and our creed is:

To believe in the goods we're selling and in the makers whom we represent—and in our ability to satisfy each and every purchaser.

To believe that honest goods can be sold to honest people by honest methods—to believe in the pleasure of selling the right kind of merchandise.

To believe in Today and the work we're doing—in Tomorrow and the work we hope to do—and in the sure reward the future holds.

To believe in Courtesy—Kindness—Friendship—Generosity—in Good Cheer and Honest Competition.

To believe we're showing a class of merchandise so good and so moderately priced that every sale will result satisfactorily to the buyer and to this store.

We believe we have what you want—what you need and at what you consider a fair price.

This Store Believes It Has Your Confidence.

IN THE WORLD OF SPORTS

EFFORTS TO OUST JOHNSON

Chicago, October 19.—If the action of eleven major league baseball club owners last night in going on record as favoring abrogation of the national agreement which governs professional leagues, results in a baseball war, the responsibility will rest with the five American league clubs that have not yet signified their intention of taking part in the proposed reorganization of control of the game. President John Heydler, of the National league, said tonight in a statement.

The eight National league clubs and the three American league clubs did not declare war when the advocated control of baseball by a tribunal of three men not financially interested in the game, but were making a declaration of principle in order to save the game, Mr. Heydler said.

The action taken at Monday night's session was the culmination of a careful and dispassionate deliberation of men of unquestioned sincerity and honesty of purpose and who are determined that in no other way can the revision of baseball government be accomplished and the just demands of the American public be met.

"The men who have so pledged themselves constitute not only eleven-sixteenths of major league membership, but they represent more than three-fourths of the capital invested in the sport. They have charted their course and have compacted to see it through at all hazards."

"There is a declaration of principles—not a declaration of war. Protective measures and ways and

means, however, have been provided for any eventuality.

"If it does mean war, then the responsibility for war must rest with those who deliberately choose to remain aloof from the councils of their friends."

"Rather than war, I say the door of welcome is wide open and we again plead with all to take their proper place in line and so present a united front in this fight for the common good."

War Might Come.

Probability of a baseball war was freely discussed by baseball men here today, many of them called to testify before the grand jury investigating the baseball scandal. While President Johnson, of the American league, refused to be interviewed, friends of his declared an attempt was being made to oust him from the American league presidency. Men who were not favorable to Johnson said his apparent opposition to reorganization was simply a continuation of his opposition to the club owners who sided against him last winter.

Some baseball men professed to see the solution of the problem in the meeting of minor league officials at Kansas City November 9, saying that whichever side the minor league sided with would win, for the other side would be unable to obtain ball players and would be "starved out."

The eleven owners who attended yesterday's conference, however, have signed an agreement that they will stick together and form a 15-club league if the other five American league clubs and President Johnson do not join them in the reorganization plans. An ultimatum was issued giving the five clubs until November 1 to make known their decision.

Vilna, in Russia, is probably the only place in the world where geese are shot. The geese are made to walk first through the and afterward through said. Each goose is thus provided with a durable pair of shoes, and is enabled to make the long journey to the goose fair at Warsaw without getting sore feet or requiring the services of a chiropractor.

SHAKE-UP CERTAIN IN GAME

New York, October 19.—When the magnates of the American and National leagues got together late in the winter, or after the Chicago scandal has been brushed off the deck and plans made for the 1921 campaign, there is going to be a thorough housecleaning of old grudges, according to Ben Johnson and Clarke Griffith.

There is going to be a gentle but firm probe of the repeated reports that the Comiskey-Frazer-Ruppert combination has worked diligently all during the 1920 season to prevent the Cleveland team from purchasing a much-needed southpaw pitcher. Also there will be a little light thrown on the information that the Pittsburgh-St. Louis-Chicago combination felt quite a bit of sleep to prevent McGraw from landing Hornsby or Maraville.

Griffith has already styled the alleged combinations as cheap conspiracies and catalogued them as absolutely dangerous to the success of organized ball. He wants the members of these various combinations to bury the hatchet more time to building up the popularity of baseball than to carry on petty intrigue fights.

Johnson has had little to say regarding the reported combinations, but the American chief has spoken his mind on the subject of lack of co-operation, and several of the magnates declare Johnson could not strengthen his stand by making specific mention of this particular affair.

Hopes for Peace.

With Chicago minus seven of her great stars, Griffith believes this win-

ter to be the ideal time to approach the "boys" with a proposition of peace within as well as without. The Washington owner says Comiskey must have some assistance from his associate magnates or stand to lose thousands of dollars for several years while building his club and with Comiskey in favor of an absolute showdown the Washington owner says it will be easy to line up the others.

Owner Dunn, of the Cleveland team, has never made formal complaint against the so-called conspiracy, but he has commented at length several times when his efforts for southpaw pitchers of only ordinary caliber were sneered at by clubs apparently out of the race. Dunn will be asked to make formal complaint in order that the matter can be brought to the surface and remedies suggested.

SPARKS COLLEGE EASILY DEFEATS SOUTH GEORGIA

Sparks, Ga., October 19.—(Special.)—In one of the liveliest football games played on the local field the Sparks college team defeated South Georgia college in Sparks Monday by a score of 48 to 0.

The Sparks team was outwitted about five pounds to the man, but it was easy to see that Sparks was by far the faster and better practiced of the two teams. This is the second game played this season by the Sparks team, the first played with Norman Institute and resulting in a 0 to 0 score.

The next game is also with Norman Institute and will be played in Moultrie during the fall to be held there just before the removal of Fitzgerald's body. The requiem mass was being celebrated when an army officer with drawn revolver, accompanied by four soldiers with rifles, forced a way through the throng in the entrance, marched up to the altar rail and presented the officiating priest with a typewritten communication from great headquarters stating that the number of persons in the funeral procession must be limited to 100, none of whom should be allowed to march in military formation.

Squad Is Charged.

The verdict rendered today by the military court of inquiry into the death of Michael Fitzgerald, the first of the hunger strikers to die in Cork jail, was that "the deceased, of sound mind, deliberately caused his own existence to end and did so feloniously kill himself."

The governor of the jail testified that Fitzgerald took no food for sixty-eight days. Dr. Pearson, one of the jail physicians, testified that death was due to the gradual cessation of the vital functions caused by

PITT IS WORKING FOR TECH

Pittsburgh, Pa., October 19.—(Special.)—"Don't be surprised if the Yellow Jackets trim you." This word, coming from Coach Jimmy Delart, of the University of Georgia team, former Pitt player, has stirred Coach Glenn Warner and his assistants to real activity in preparation for the third annual encounter between the pride of the south and the Blue and Gold next Saturday.

With the team in fairly good shape after its grueling encounter with the big Orange eleven and Syracuse last Saturday, Warner called the men for only slight signal drill yesterday, but today they were out in full battle array, fighting the scrubs for all they were worth, and perfecting some new plays which Warner may have to spring on the Tornado to win Saturday's game.

Warner's triple pass, the best ground-gainer in the Panthers' repertoire, is not going just as the Pitt mentor would have it go, and for that reason, he is especially drilling the men on this play. With should never fail to bring a substantial game, but the Pitt line, as was the case last year, is weak. However, Warner and the assistant coaches are endeavoring to dispel this air of confidence and make the men realize that the Georgians are not going to be easy, basing their

argument on the impressive performance of last Saturday, when Alexander's men rode roughshod over Vanderbilt.

Warner's scouts have been looking over the Yellow Jacket machine, and report it is resorting considerably to the open game. Pitt's defense against an aerial attack is none too good; in fact, her opponents thus far have found this the best ground-gainer, and Warner, tipped that the Tornado is well up in this department, is putting his all in an effort to perfect a defense.

British Troops Follow Corpse Of Hunger Victim

Soldiers Used to Prevent Irish Volunteers Taking Part in Funeral Procession of Fitzgerald.

Cork, October 19.—The condition of the Irish hunger strikers in Cork jail has become worse as the result of depression caused by the death Sunday of Michael Fitzgerald, first of the eleven to succumb.

Joseph Murphy, who was very low Monday, has rallied as the result of medical treatment, but his case is still regarded as the most critical.

Severe collapses were suffered by two of the strikers, Donovan and Kenny, early this morning. Sean Hennessy, Reilly and Upton are also in a critical state.

To prevent Irish volunteers from marching in the funeral procession of Fitzgerald when his body was removed this afternoon from the church here to Fermoy, a large force of military surrounded the church and six lorry loads of soldiers and an armored car fell in behind the mourners' carriages following the coffin.

Angered by Troops.

In the business streets through which the procession passed, great indignation was expressed among the people at the military display, feverish excitement prevailing.

Volunteers in long rows, clapping one another's hands, lined Patrick street on both sides to make a path for the funeral.

A dramatic scene was enacted in the church just before the removal of Fitzgerald's body. The requiem mass was being celebrated when an army officer with drawn revolver, accompanied by four soldiers with rifles, forced a way through the throng in the entrance, marched up to the altar rail and presented the officiating priest with a typewritten communication from great headquarters stating that the number of persons in the funeral procession must be limited to 100, none of whom should be allowed to march in military formation.

Suicide Is Charged.

The verdict rendered today by the military court of inquiry into the death of Michael Fitzgerald, the first of the hunger strikers to die in Cork jail, was that "the deceased, of sound mind, deliberately caused his own existence to end and did so feloniously kill himself."

The governor of the jail testified that Fitzgerald took no food for sixty-eight days. Dr. Pearson, one of the jail physicians, testified that death was due to the gradual cessation of the vital functions caused by

DEATH AT HAND, STARVING MAYOR TELLS FRIENDS

London, October 19.—The condition of Lord Mayor MacSwiney, of Cork, was generally unchanged today, the eighteenth day of his hunger strike, said the bulletin issued by the Irish Self-Determination league this afternoon. The lord mayor passed a fairly good night without any further development of yesterday's disquieting symptoms.

"The lord mayor's memory seems to be weakening," added the bulletin, "but he is still conscious and determined. His sight also is becoming effected, and the doctors fear that signs of scurvy are developing."

A bulletin issued at 9 p. m. by the Irish Self-Determination league says:

"Lord Mayor MacSwiney passed a restless day. The doctor again was summoned and urged him strongly to take time for himself against scurvy. This led to an altercation which excited the patient and left him exhausted, but he was more settled and his condition generally unaltered."

MacSwiney's appearance Tuesday was worse than ever. His eyes protruded and his face was badly swollen. The jail physicians have informed the relatives of the lord mayor that they do not think the lord mayor can possibly live more than a few days longer.

"Let me die in peace," MacSwiney said, "I can't hold out longer than Saturday." The lord mayor whispered with great effort to his brother, when the latter visited him at the jail.

Mary MacSwiney, the lord mayor's wife, said today she was cordially responsive that the jail physicians urged MacSwiney Tuesday to take his medicine and to stop the ravages of scurvy.

"Go away," said the lord mayor. "Let me die in peace."

"You will die in extreme pain," retorted the doctor.

MacSwiney refuses to broaden over the death of the hunger strikers, Fitzgerald, at Cork. He appears to be in a state of extreme speculation as to whose turn it will be next.

163,738 DRAFT DODGERS PLACED UNDER ARREST

Washington, October 19.—Draft evaders who had been apprehended up to July 15 and their cases disposed of by the military authorities numbered 163,738. It was announced today at the war department.

The number of desertions is being reduced and will be further reduced after the examination of the records in all cases has been completed, said the department's announcement. "A number of names will be eliminated through the receipt of the military states that enabled the department to eliminate forty names from the list of deserters."

"One of the reasons for giving publicity to the fact that the list of deserters was to be published was to cause all those persons in whose mind there existed doubt as to their final status to write to the war department in order that their records could be investigated. This has resulted in the elimination recently of a number of names from the list."

"The task of eliminating the names of those who are not deserters is a difficult and tedious one, but the work is being pushed as fast as the limited clerical force will permit."

The total number of draft desertions which had been reported to the provost marshal general was 498,032, but the examination of government records showed that 141,354 men classed as deserters had enlisted in the army, navy or marine corps, or in the armed forces of the allies, so that the total number of desertions still listed now numbers 163,711.

The department's announcement said that as the examination of the records progressed, the number who served in the armed forces and who consequently were erroneously reported as willful deserters was being added to from day to day.

It was added that probably several thousand men had been apprehended and their cases disposed of since July 15.

Among the Chinese a particular species of dog is reared for the table. The flesh of black dogs is preferred to that of animals of another color, on account of the greater amount of nutriment it is supposed to possess.

CHARTER CHANGES STIRRING DECATUR

Charge That Power Company Is Behind Proposed Revision Features Mass Meeting Tuesday.

Warm argument developed Tuesday night on the eve of the election at a mass meeting held at Decatur if the interest of that city campaign for the city manager form of government when W. F. Ehle, a citizen of Decatur, arose to declare the charter movement merely an effort of the Georgia Railway and Power company to enforce their proposal to inaugurate a cant street car fares between the DeKalb county seat and Atlanta.

Howell Green, one of the attorneys for Decatur in the court proceedings against the power company's effort to raise the trolley rates, replied to Mr. Ehle's charge, pointing out that the charge was utterly impossible, because the change in Decatur's form of government could in no possible way affect the validity or legality of the contract which the people of Decatur declare exists, making the power company's proposal to move illegal.

Other evidence of a stern fight over the adoption of the new charter was shown in the statements by C. D. McKinney, the negroes of the town were being besieged with propaganda to the effect that they were not going to vote on a charter, but that the question at issue was 7 or 8-cent street car fares. "This same idea," said Mr. McKinney, "is being thrown at the white people of Decatur also, and some steps should be taken to combat propaganda so utterly and palpably unfair."

Argue on Change.

The storm of argument which arose upon Mr. Ehle's remark that the campaign was fostered by the power company lasted for almost an hour, several members of the large crowd present engaging in discussion.

Bayne Gibson, a prominent Atlanta business man who resides in Decatur, presided over the meeting, which was turned over to him by Scott Chandler, local attorney, who is chairman of the charter campaign committee.

Secretary R. E. Griffin, of the Chamber of Commerce, was the first speaker on the evening's program, his remarks being devoted to the success with which the city manager form of government had operated since its inception in 1914.

"It took us three years to decide that the city manager form of government was what we wanted and needed," said Mr. Royster, "but since its inauguration there has been none but who grant its desirability and almost practical perfection."

The Griffin Plan.

Mr. Royster also went into some detail on the matter, telling of the long study of municipal government made before the charter form was drafted, and of other important features in the transition from the mayor and council system to the manager charter.

Protest was made by several speakers at the meeting at the attempt they say is being made to make the raise in street-car rates an issue in the campaign.

Many of those favoring the new form of government declared such an attempt absurd, since the city ordinance and power company agreement could not possibly be affected by a change in the methods of looking after the town's best interests.

T. Calhoun, cashier of the First National bank of Cartersville, spoke on the merits of city manager government as learned from his experience in Cartersville, another Georgia town which operates under this form of government.

The courtroom of the DeKalb courthouse was filled with people who were interested in the outcome of the movement, it appearing that the general sentiment of those attending favored the charter.

W. J. Dabney, another prominent citizen of Decatur, addressed the meeting and declared himself in favor of the charter revision, while R. J. Freeman made a brief talk opposing the move as unwise and not for the best interests of Decatur.

Struck by Trolley.

Savannah, Ga., October 19.—(Special.)—Harry Harrell, 28, was struck here by a street car on West Broad street today and is unconscious at a local hospital. His condition is said to be extremely critical.

Winston-Salem, N.C. Monday

Dear PETE:

Bet you a house and lot you'd stay in W-S a month if you ever got to know folks here like I have. Between business and Reynolds factories and a bully time—well my date book has been bubbling over! And, I'm still running into facts that would stagger even your imagination, old football, with all your kick!

Pete, take it straight from government figures direct to you that every work day in the week R. J. Reynolds Tobacco Co. buys from our Uncle Sam enough revenue stamps to pay for a duplicate of the handsome new Winston-Salem post office building! Ever hear of such a thing?

And, if you want to get an eyefull of an Army of more than 15,000 people, be down in the Reynolds factory district when the whistles blow! Looks like more folks than you ever saw at a Princeton-Yale football game! Never saw such a cigarette firing-up time in my life!

Peter, everytime you light a Camel in the future, call back on what I've slipped you about Camels—absolutely, the greatest cigarette at any price—for quality, for refreshing flavor, for mellow mild body, for freedom from any unpleasant cigarette aftertaste or odor! It's worth the busiest smoker's time to compare Camels with any cigarette in the world! Camels are simply a revelation! You know that.

I'll spill you a lot more just as quick as I get a whack at you across the dinner table!

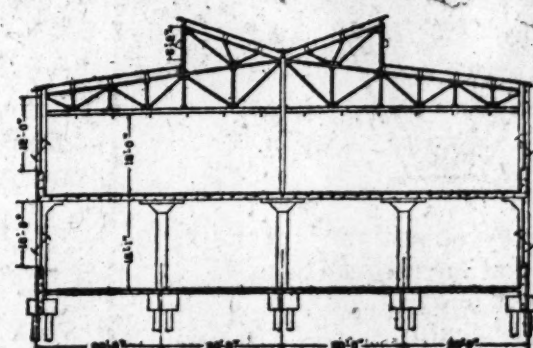

I'll open my eyes in Atlanta tomorrow! In the meantime here's a wad of best wishes I have in stock!

Yours

Shorty

"A GOOD JOB DONE ON TIME"

Ferguson Standard No. 6 Factory

MANY factories need a type of building similar in construction to Ferguson Standard No. 3, a standard building of superior design but simply 80 ft. wide. Under Ferguson methods this is readily accomplished by the use of 40-foot trusses as shown. This type is peculiarly popular as a second floor of a building, the first floor consisting of reinforced concrete with 20-foot spacing of columns in each direction.

Phone, wire or write the nearest office for information or immediate action on standard or special buildings.

STANDARD AND SPECIAL BUILDINGS

AUTOMOBILE DEALERS AND BANKERS GATHER FOR MEETING TODAY

400 Dealers and Bankers Expected at Co-operative Meeting at Capital City

Automobiles and Trains Bringing Men From Every Section of Georgia. Business Session Begins at 10 a. m.—Luncheon at 1:30 p. m.—Auto Trip to Fair 3 p. m.

Approximately four hundred automobile dealers and bankers are expected to attend the meeting of the Georgia Automobile Dealers' association at the Capital City club today.

Early Tuesday evening they be-

gan to arrive on trains and in automobiles from every section of Georgia, and, according to William L. Mathers, president of the association, they will have one of the largest meetings of its kind ever held in the south.

Dealers, whether members of the Georgia Automobile Dealers' association or not, will attend, and will bring their bankers with them.

The program for the day includes such men as Governor Wellborn, of the Federal Reserve bank, and F. E. Moscovics, vice president and general manager of the Nordyke-Marmon company, builders of the famous Marmon car.

REGISTER AT 10 A. M.
Visitors will register at the Cap-

ital City club, where all meetings will be held, beginning at 10 a. m. The executive session will begin shortly after 10 o'clock, and will be followed by a delightful luncheon at 1:30 p. m.

After the luncheon all visitors will be carried to the Southeastern fair and automobile show, in cars provided by the local dealers. Music

will be furnished at all meetings by the Hanson Six orchestra, which has established a reputation as a music making body second to no industrial band in the south.

Purpose of Meeting.

The purpose of the meeting, as explained by association officials

is to promote good fellowship and acquaintance between the various dealer organizations in Georgia, and to inaugurate plans for a most vigorous sales campaign over the state.

But not least among the big things that officials feel will be accomplished will be a common understanding between the banker and the dealer. Each will state their side of the present dilemma, and

doubtless much good will come from the discussion. It is also hoped that the general round-table discussion which will take place at the luncheon will bring out many points that serve to the interest of the automobile

dealers, and of information to the bankers. Secretary McGahies will give his report to the association, covering the activities since the last general meeting, which was held in Savannah in the early part of June.

Mathers Chairman of Events Today

William L. Mathers, president of the Georgia Automobile Dealers' association and of the Mathers Motor company, will preside at the meeting of automobile dealers and bankers today.

Mr. Mathers is a "born" worker, and in his work for the association he is no less industrious than in his own business; in fact, he has often been accused of neglecting his own business for that of the association.

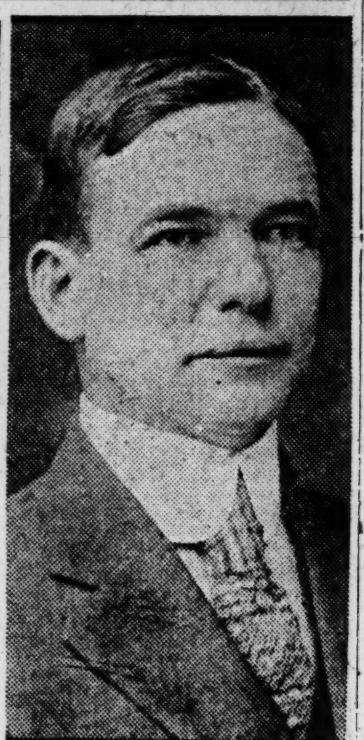

HANSON SIX ORCHESTRA TO PLAY FOR DEALERS

Famous Industrial Orchestra to Provide Music for Meeting at Club.

Through the courtesy of Sales Manager Randall, of the Hanson Motor company, the Hanson Six orchestra will furnish music for the big automotive distributors and dealers meeting held today in Atlanta.

The Hanson Six orchestra is considered one of the best industrial musical organizations in the country. The Hanson Motor company also has a band, which during the fair has been playing both afternoons and evenings in the exhibition building where the automobile show is being held. The band has caused much favorable comment by the programs it has played at the fair.

The Hanson Motor company has invited all visitors to the fair to take a trip through Atlanta's automobile factory to see how automo-

W. L. MATHERS

bile passenger cars are built. A considerable number of those who have seen the exhibition of Hanson cars at the fair have also visited the factory to see how these cars are made.

The Hanson factory is said by automotive men to be one of the finest and most complete automobile factories of its size in the country.

F. E. MOSCOVICS.

F. E. MOSCOVICS TO ADDRESS DEALERS

High Marmon Official to Be Principal Speaker at Dealers' Meeting Today.

F. E. Moscovics, who will be the principal speaker from the automobile industry at the meeting of automobile dealers and bankers at the Capital City club today, arrived Tuesday evening and was met by a delegation of local dealers, headed by William L. Mathers, president of the Georgia Automobile Dealers' association, and John Lottridge, local Marmon distributor.

Mr. Moscovics is vice president and general manager of the Nordyke-Marmon company, manufacturers of the Marmon car. He is a speaker of recognized ability. Officials of the association expressed themselves as being fortunate and highly complimented by Mr. Moscovics' presence at their meeting today.

Mr. Moscovics, who is stopping at the Georgian Terrace hotel, said last night that there was a general improvement in the automobile business, particularly in the north and east.

In discussing the present status of the automobile industry, he cited the fact that there were more than seven and a half million automobiles now in use in the United States, and that the replacement alone would provide a large volume of business for the manufacturer and distributor. "However," he continued, "the replacement of these cars as they become unfit for service will by no means be the only source of demand. The number of owners will continue to increase in and our people are financially able to have almost anything they desire, and there is no question but there is an actual need as well as a desire for more cars."

SIXTY MEN IN AUTOS COME FROM ATHENS

Fifteen Automobiles Bring Sixty Persons to Dealers' and Bankers' Meet.

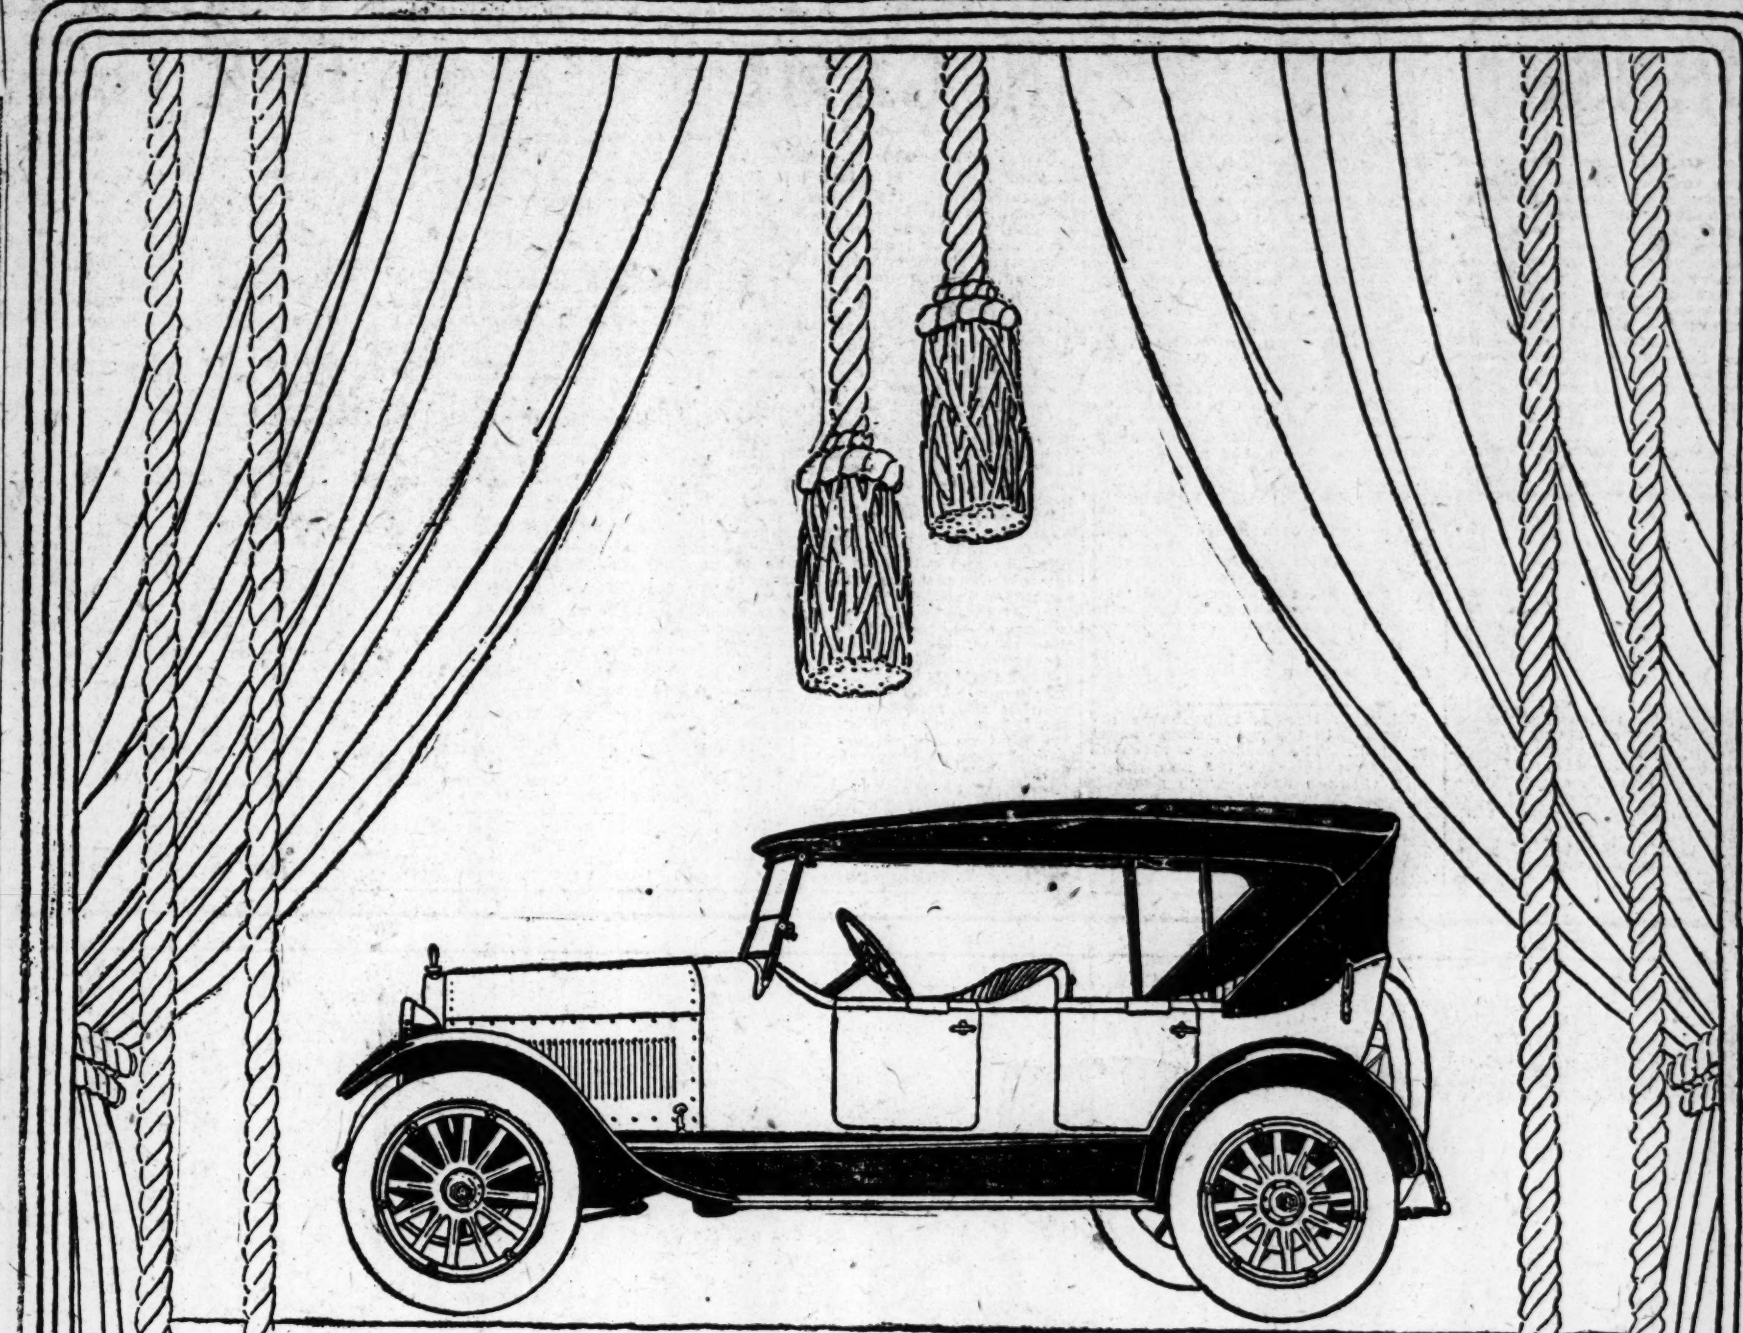

Director Denny, of the Georgia Automobile Dealers' association, telephoned the information late Tuesday evening that fifteen automobiles, each containing as many as five dealers or bankers, would leave Athens early this morning, and would be here in time for the opening session of the meeting at the Capital City club today. Athens is one of the important automobile distributing centers in Georgia, and their large delegation to the meeting today would indicate an unusual interest in the things that affect their welfare. Mr. Denny stated that they hoped to have the largest delegation from any city in Georgia, but, according to reports from other cities, it is probable that they will win this distinction by a very small margin, if at all.

Visiting Dealers and Bankers to Be Taken To the Fair in Autos

Local dealers have provided approximately seventy-five automobiles to carry the dealers and bankers who attend the meeting at the Capital City club here today, to the Southeastern fair and Automobile show immediately following the luncheon.

President Mathers stated last evening that more cars were available in case they should be needed, and that free motor transportation would positively be available for all dealers and bankers who cared to visit the fair after their meeting closed this afternoon.

A huge stone crusher with a capacity of from 2,500 to 2,700 tons of stone per hour has recently been installed in a Michigan quarry. This stone crusher is said to be the largest

HANSON SIX

A Special Invitation

THE HANSON SIX—the aluminum car at a reasonable price—is on display at the Automobile Show at the Fair.

You are also cordially invited, while in Atlanta, to visit the fine modern factory of the Hanson Motor Co., Inc., to see how Hanson cars are built.

Take a Whitehall car going south on Peachtree street and transfer to an East Point car at Gordon and Lee streets, or take any East Point car at Alabama and Broad streets. All East Point cars pass the factory.

A trip through the Hanson factory will well be worth your time.

The Car Made in Atlanta

POWER—54 horsepower, immediately responsive to the driver's will.

COMFORT—Spring suspension that absorbs road jolts and eliminates sideway.

SAFETY—Clings to the road. Quick pickup. Powerful brakes, positive in action.

APPEARANCE—Distinctive yet conservative body lines, not radical but graceful and beautiful.

ECONOMY—Remarkable mileage per gallon of gas for a 121 inch wheel base car.

ENDURANCE—Proved by the high re-sale value.

PRICE—About \$1000 less than cars with similar specifications.

HANSON MOTOR COMPANY, INC.
Atlanta, Georgia.

TWO PASSENGER ROADSTER, \$2365; FIVE PASSENGER TOURING, \$2365; FIVE PASSENGER SPORT, \$2465; FIVE PASSENGER SEDAN, \$2385. Send for complete catalogue.

Visiting Automobile Dealers Are Invited

To visit our Offices and Show Room at 170 West Peachtree Street, and to see the Velie on display at the Southeastern Automobile Show at the Fair Grounds.

Our Dealer Co-operation is far above what you have come to expect from the average factory and distributor.

Ask about it.

Wm. A. Estaver Sales Co.

CHILD FALLS IN DOOR AND BREAKS HER NECK

Anniston, Ala., October 19.—(Special.)—Shipping and falling as she was entering the schoolhouse door at Spring Garden, Ala., Annie, 7-

year-old daughter of Jackson Burns, of that place, was almost instantly killed when her head struck the facing of the door. Before a physician could reach the scene the little girl was dead, her neck being broken. The accident occurred Friday afternoon, news of it reaching Anniston yesterday.

LIBERAL CREDITS GIVEN TO SOUTHERN STATES

Claim Is Made by Governor Seay of Richmond Reserve Bank.

Greenville, S. C., October 19.—Despite reports, there has been no curtailment of the amount of bank credit outstanding, but on the contrary there has been a continuous expansion, not only of loans for agricultural purposes, according to an address of George J. Seay, governor of the Richmond Federal Reserve bank, read before the South Carolina Cotton Manufacturers' association here today. The paper was read by Charles A. Peple, deputy governor of the bank, in the absence of Mr. Seay.

ter of extended credits as has been the south. Mr. Peple said, "and yet in that section of the country we hear the loudest complaints and the most complaints. Perhaps she is suffering most at the moment. Whatever complaint she may have, she cannot complain of curtailment of credit, and she has, in fact, been treated more liberally than any other part of the country, and capital has been drawn from other parts for her."

Criticism and Answer. The criticisms of the Federal Reserve bank, given by Mr. Peple, were summarized in Mr. Peple's address today: "First, that there has been such a marked curtailment of bank credit in recent months as to curtail the member banks, and the not insubstantial truth is, however, that there has been an almost reckless expansion in bank credit during this period, and that the volume of both the member banks and the Federal Reserve bank of Richmond has continuously increased. More over, on June 30, last, the funds of the member banks, loaned and invested, were actually \$2,600,000,000 more than their own resources available for such purposes. Two things made this great expansion possible; namely, the concentration of reserves in, and the not insubstantial power of, the Federal Reserve banks."

"Second, it is charged that the south particularly has suffered at the hands of the Federal Reserve banks. On the contrary, no section of the country has been dealt with as liberally as has the south; the three reserve banks of Richmond, Atlanta and Dallas have been able, by exhausting their own resources and borrowing more than \$100,000,000 from other reserve banks, to lend their members almost three times their reserve deposits. To speak specifically of South Carolina, the member banks in this state have borrowed continuously for the past fifteen months twice their equitable share from the Federal Reserve bank of Richmond."

Domination Denied. "Third, it is said that the Federal Reserve board has sought to dominate the banks of the country. In answer, I emphasize that all of the nine directors of each Federal Reserve bank are elected by the member banks and are representative, successful, active men of affairs, constantly in intimate touch with the business conditions of the district; that the Federal Reserve bank has very little direct power over the business conditions of the member banks; and, in fact, that the reserve banks lend their member banks less than 15 per cent of their total loans to their customers."

Pointing out that the Federal Reserve banks had gone through successfully a period of marked expansion, incident to financing the government during the war, and that they are now facing the more difficult task of a return to normal conditions, Mr. Peple emphasized the need for clearer understanding of the facts in the case and for mutual confidence on the part of the bankers and business men generally.

The largest translation bureau in the city of Mexico is owned and managed by a woman, Miss Erdminia Godoy.

The "Cove of Cork," Ireland, changed its name to Queenstown after a visit by Queen Victoria.

GREEK KING FALLING INTO STATE OF COMA

Athens, October 19.—The condition of King Alexander, who is critically ill as a result of infection caused by the bite of a pet monkey, showed little change at 10 o'clock this morning, according to a bulletin issued by his physicians. The congestion of the lungs persists; drowsiness, is taking the form of coma. The king's temperature was reported as 102; pulse 124; respiration 24.

Newspapers here speculate on his successor should his illness terminate fatally. A number of foreign princes are suggested for the throne. It appears that Prince Charles of Belgium, younger son of King Albert and Queen Elizabeth, is the favorite.

Opposition journals point out that the natural heir to the throne under the constitution would be Prince Paul, brother of King Alexander, and third son of former King Constantine.

Custave Adolph, the crown prince of Sweden, arrived in Athens tonight. He is observing the strictest quarantine.

Paris, October 19.—A noted surgeon whose name has not been disclosed, left here for Athens tonight by special train in answer to an urgent summons from the bedside of King Alexander. It is understood that he will attempt a further operation on the king.

The percentage of women engaged in earning a livelihood in the Philippines is more than twice that in the United States.
